Award Winning Film To be Shown Sunday

In a program series designed to interpret the work of the church in a new age, Niedringhaus United Methodist Church has scheduled for 7:30 p.m. Sunday, a film which has won a first-place award in the 1969 film festival. Members of the church, as well as visitors, are invited to the church's Wesley Hall that evening, the pastor, Rev. Jesse Roberts, said.

"These Four Cozy Walls" was produced by the United Methodist Program Council's Division of Television, Radio and Film Communication (TRAPCO). The documentary, honored in the "Church at Work" category of the Religion and Ethics section, shows what happened when a United Methodist congregation in Dallas, Texas, became involved seriously in Christian mission. The film is a principle resource for the denomination's 1969-72 theme, "A New Church for a New World".

Sponsored annually for 11 years by the educational Film Library Association, the American Film Festival presents awards in several categories.

The Rev. James C. Campbell, producer of the movie, said, "This church and the film challenge the viewer to consider what will happen when a congregation becomes committed to involvement in life issues of the community as their mission."

Following the program, Richard West, chairman of the church's Social Concerns Work Area, will lead a discussion about the film.

16 Chosen for Membership on Chamber Board

Sixteen additions to the board of directors were announced today by Clifton E. Blankenship, president of the Chamber of Commerce of the Tri-Cities.

The new board members will be welcomed at a monthly Chamber board dinner at 6 p.m. Tuesday, Oct. 7, at the Rose Bowl restaurant. Officers for the 1969-70 year will be elected at the meeting.

Thirteen positions on the board are filled annually by election and appointment to three-year terms. Three additional vacancies were filled through this year's balloting and review of eligible members.

The 16 directors announced are:

Charles Heister, owner, Rose Bowl; Barry Loman, vice-president, Trust & Savings Bank; Al P. Steinhilber, works manager, American Steel Foundries; Carl A. Ruff, manager, Tri-City Regional Post district; John Bellcoff, loan department, First National Bank in Madison.

Albert H. Froemming, president, Madison County Federal Savings & Loan; Gene H. Sternberg, owner G. H. Sternberg & Co.; William F. Winter, associate editor, Press-Record; Avery Schermer, president, Schermer Brothers Supermarket.

Leo H. Konzen, Luaders, Robertson & Koppenstein; Elmer Hartgerink, plant manager, Union Division of Miles Laboratories; Glen Thornburg, district manager, East St. Louis & Metropolitan Water Co.

Mc in T. Gillie, manager, W. T. Co.; Lester R. Salem, supervisor of stations and yard operation; Illinois Terminal Railroad Co.; Dr. Stanley F. Major, optometrist; and Christ N. Pashoff, manager, Washington theatre.

Current office besides President Blankenship are Vice-Presidents Bill H. Terrell and Donald Adams and Treasurer Melvin Wilmsmeyer.

The board includes as ex-officio members Donald Pratt, mayor of Granite City; Stephen Macrae, mayor of Madison; Dr. John E. Lee, mayor of Venice; Dr. William Tudor of St. Louis; Stanley Noe, president, Granite City Jaycees; and Rev. R. Surbey, president, Quad-Cities Ministerial Association.

Directors whose terms are continuing are Al Amlung, Fred Barr, Richard Branding, Warren Daccatur, Dr. Felicia Koch, C. A. McMillan, Carl E. Mathias, Ralph Morris, Irvin Slate Jr., Terrell, Wilmsmeyer, Leo Wolf, Dale Arnette, Chester Baker, Blankenship, Russell Crecelius, Supl, B. J. Davis, Robert E. Edwards, Henry Gabriel, B. J. Hunter, Anthony E. Michel, Mike Sank and Dr. George T. Wilkins Jr.

Chamber rules do not permit consecutive board terms.

Retiring directors are Adams, Charles J. Barcovic, Dr. J. C. Byers Jr., Arnold Fleishman, William L. Harris, Allen L. Jess, Roderick W. Key, Avery Schermer, A. H. Seebold, William Thoeke, C. E. Townsend and Marion Wilson.

Carpenters, SIBA To Discuss Pact

Union officials of the Carpenters District Council of Madison County and the Tri-Counties Illinois District of Carpenters are to meet at 10 a.m., tomorrow with representatives of the Southern Illinois Builders Association to work out final details of a proposed new contract which is to be offered to the union membership for ratification.

Richard Meile, business representative of the Tri-Counties district, said meetings are expected to be set up next week for action by the different union locals on the proposed agreement. Meile said a vote on the contract proposal will be handled separately by each local throughout the 12-county area in which the two carpenters councils have jurisdiction.

10 Motorists Ticked In Drive at Madison

Ten traffic arrest tickets, seven of them charge violation of the left turn ban at Second street and McCambridge avenue, were issued by Madison police yesterday. All of the motorists posted their drivers licenses or cash in bond pending Oct. 15 hearings.

Those charged with making illegal left turns at Second street and McCambridge were Billy Joe White, St. Louis; Kenneth Aubuchon, St. Louis; James L. Allen, East St. Louis; Eugene Popp, East St. Louis; Robert H. Perltz, Deerfield, Ill.; Marian G. Bank, East St. Louis, and Gary W. Battles, St. Louis. Battles also was charged with driving without a driver's license.

Tunnie L. Perkins, 1512 Third street, Madison, and Louis D. Shoulters, St. Louis, was charged with speeding and Timothy L. Davis, 2023 Fourth street, Madison, was charged with parking on the wrong side of the street.

Venice School

sulted from a lack of funds in meeting the teachers payroll and other bills for June. Kenneth On authority granted by the school board in May, the district issued \$100,000 in anticipation warrants during June and borrowed another \$30,000 from the working cash fund.

The tax warrants were retired earlier this month, after the Venice district received its initial tax money for the current year.

However, retirement of the loans reduced the district's potential income for operating expenses during the new school year by the same \$130,000 amount.

\$50,000 Fund Imbalance
School officials recently said that unless the 40-cent tax rate increase is approved, the district may accumulate an additional \$50,000 deficit during the 1968-70 year, assuming no unforeseen problems cause the figure to go even higher.

The Venice district is now in its second year of a two-year agreement with its teaching staff, and salary increases this year will amount to about \$35,000 over 1968-69.

More substantial increases can be anticipated next year when a new pact must be negotiated, Supt. Pier commented. He said this is a major point in the case for a tax levy increase.

Auto Struck on Pass

While attempting to pass, an auto driven by Frank V. Polach, 2004 Twelfth street, struck the left rear of an auto driven by John T. Fleig, 614 Washington avenue, Venice, at 6:45 p.m. Tuesday on Nameoki road near Pontoon road.

schools, conduct fire drills and distribute literature to all students, Meehan said, noting that posters publicizing "Fire Prevention Week" will be displayed in all public places.

Jr. Fire Marshals

Children in Granite City schools, along with millions of other youngsters throughout the nation, will be invited to become "Junior Fire Marshals."

"Geared to pupils from kindergarten to the third grade, the Junior Fire Marshal program encourages each child to promise—"never to play with matches; never start a fire; never use the stove unless permission is granted by mother; learn how to turn in a fire alarm and what to do in case of fire; and never to turn in a false alarm."

The program also invites the child to complete a "Home Fire Safety Report" with the assistance of his parents, checking through basements, attic, closets and garage areas for quantities of old newspapers and other items which may catch fire easily.

year. Madison County auditor John Kraynak said the county anticipates from \$800,000 to \$870,000 in the new tax allotments.

According to the Local Government Distributive Act under which municipalities share in the state's income tax revenue, the certified census as of Jan. 1, 1970, "will be used for the distribution of funds in calendar year 1970." A new federal census is due next year.

Two Principal Aims

In his letter, Governor Ogilvie told city officials the revenue sharing program has two principal aims.

First, he said, it reduces reliance of local governments on the property tax, thus helping to eliminate sharp disparities between various cities.

Secondly, the governor added, "it helps local governments meet their very heavy obligations by giving them unrestricted financial assistance for any purpose, including schools."

The income tax law was passed in the last session of the General Assembly and became effective Aug. 1.

Children completing the home

safety report and returning them to their teachers will have their names placed on an honor roll to be displayed in the classroom and also receive a Junior Fire Marshal's identification card, Assistant Chief Hileman said.

A teacher's guide is furnished by the fire department and firemen may visit the classroom and talk with the children upon request of the teacher or school principal, the official explained.

The Granite City fire department's 85-foot aerial ladder unit

will take part in a special fire-fighting demonstration in Collinsville at 1 p.m. Sunday. Fire Chief Earl Fronabarger announced.

The local department along with other units will participate in a controlled burning of a 2½-

Special School Offices to Be At 2801 Madison

Offices of the Quad-City cooperative special education district, composed of the Granite City, Madison and Venice school systems, will be located in a former mercantile at 2801 Madison avenue, it was decided Monday night by the Granite City school board, administrative unit for the district.

The first floor of the former Sedlack funeral home is to be used for \$50 a month. While there is no plan for use of the second floor, which is used for residential purposes, it would be needed if there is a need for future expansion, it was noted.

Property is to be leased from Frank Kayich, originally the Schildmann funeral home, it has been operated for a number of years by John Sedlack. The Sedlack funeral business will continue at its other location, 615 Madison avenue, Madison, officiating.

Harold Thomas, administrator of the Quad-City district, said only minor lighting changes will be needed, along with purchase of several bookcases to serve additionally as partitions.

It was decided to establish for a one-year period a program under which the Coordinated Youth Services will carry out some school attendance duties, replacing duties at one time handled by transient officers.

There will be no transient officer at present.

Because expansion of group hospital-medical insurance for teacher dependents and to non-certificated employees could not be carried out in any other fashion prior to expiration of the present teacher insurance Nov. 14, it was decided to designate the present insurance to provide coverage through November 1970 at specified rates but without competing with other firms.

On the votes of Secretary Donald Stuck, Treasurer Arthur L. Mabel and Board Members Harold Davis and George Moore Sr., it was decided to ask the Illinois Association of School Boards, the Illinois constitutional convention to call for a state board of education, with the state superintendent as its administrative head.

President E. W. Walton and Board Member Monroe Worthen presided here. Board Member Carl Macios was absent.

Plans were made for attendance by board members and administrators at state school meetings Nov. 21-24 in Chicago.

Pay of night school teachers was raised from \$6.15 to \$7 hourly for 1969-70 and 1970-71.

Also boosted were salary schedules for the cafeteria director and four secretaries.

Pay schedules were set for various types of work by Architects Henry Gabriel and Sylvester Dulgoff related to construction of a proposed steel building for high school athletics.

Platooning Trojans to Host Triad

The Triad Knights, who shut out their first two opponents and were edged last week only by two conversions, will meet the undefeated Trojans at 7:30 p.m. Friday on the Madison high school gridiron.

During last week's Trojan 33-6 victory over Highland, Coach Al Vander Haar emptied his benches and game-tested all of his players. His comment: "They all did a fine job."

Despite the inexperience of the younger players and the apparent strength of conference challenger Triad, Vander Haar has cautious hopes of success.

He reports, "We're starting work with the juniors on defense and probably will try separate offensive and defensive units."

The coach adds, "This will give the juniors experience and prepare them defensively a year ahead."

Quarterback Austin Lewis is proving his sprained ankle is improving but seemingly Doug Smith will be calling the signals.

Vander Haar told the Press-Record that "Smith was really tough and gave us a passing threat" last weekend when he was called on to start due to the injury to Lewis.

MHS best Highland 33-6 with Smith completing five of six aerials.

Vander Haar, evaluating Triad, said, "They have a good, experienced quarterback in Stu Weider. He sets up well, stays in the pocket and throws the ball well. Their line is aggressive and should be tough."

Discussing the season in general, he said, "Look at the scores of the teams in our conference; somehow, they all get up for Madison. We can't ride on a cloud; one is going to be every game."

Against Highland, the score doesn't indicate the kind of game it was. After the first quarter, the score was 9-0. He had some bad breaks in that quarter.

"If our men hadn't pulled together and taken command, it would have been a squeaker. Highland's going to surprise some other teams in our conference."

The probable starting offense for the Knights will be: left end, Tony Howard, 140 pounds; left tackle, Rich Smith, 185; left guard, Bill Lambert, 160; center, Joe Lanahan, 170; right guard, Ronnie Steiner, 156; right tackle, Bill Brown, 223; quarterback, Steve Weider, 150; halfbacks, Rick Lewis, 150, and Bob S. Deneer, 146; fullback, Steve Weider, 150.

Rich Smith, Blommer and Weider will also start on defense.

Likely Trojan offensive starters: left end Bruce Crawford 170 pounds, left tackle Tim Bennett, 185, left guard Tony Campbell, 200, center Dennis Smith, 225, right guard Bob Scott, 170, right tackle Tony Young, 210, right end John E. Young, 180, quarterback Doug Smith, 128, wingback Willie Acker, 155, halfback Harold James, 205.

Trojans likely to start on defense: middle guard Courtney Prothro 219 pounds, left end Joe Dozier 175, left tackle Campbell, right tackle Young; right end Oscar Hagler 185, left cornerback John Cannon 170, left linebacker Steve Weider 170, right cornerback Franklin 180, right safety James and right free safety Achers.

Record Set by Burris As GCHS Harriers Win

Dan Burris set a new Wilson Park cross-country record for his junior victory over the 21.41 victory over Cahokia Tuesday.

Burris completed the hill-less 2.6-mile course in 14:05 to erase by one second the old record, which he and Rick Rose set last simultaneously last season.

Behind Burris the Warriors finished: Gene Briggs, 3rd at 14:16; Jim McDuffy, 4th-14:17; Art Menendez, 5th-14:18; Jeff

Lux, 7th-14:35; Doug Horton, 8th-14:47; and Scott Schneider, 9th-14:48.

At the same time, the Granite City junior victory dented the Cahokia harrier jayvees 25-30. Warriors ranked: Kevin Nieber, 1st-15:37; Mark Speer, 2nd; Steve Arbeiter, 4th; Tim Sheridan, 8th; and Dan Watkins, 10th.

Granite City will host Assumption today at 4 p.m. at Wilson Park. The start-finish point is near the ice rink.

MHS Grid Offense Is Explained to Madison Rotarians

The MHS offense used by the Madison high school football team was explained to Madison Rotarians yesterday by Al Vander Haar, who is in his second season as the MHS head grid coach.

A gap between guard and tackle, disguised to enemy teams, furnishes most of the holes through the line running game and the Trojans also are developing effective passing, the coach said. An occasionally unbalanced line has confused most opposing teams, he added.

Emphasis is placed on pride of achievement in motivating MHS athletes, Vander Haar told the club. Ample rest, as well as good physical condition, is important for football success, he commented.

He was introduced by Alex Schenckhofer, program chairman. President Richard Sears presided at the luncheon.

SIU-SW Runners Top MacMurray Squad, Bow to Westminster

SIU-SW harriers defeated MacMurray College 21-36 and lost to Westminster College 34-21, running at Fulton, Mo., Tuesday.

Bruce Ferry was the first cross-country Cougar to finish. He placed second against MacMurray and fourth in the Westminster rankings with a 28:15 minute time.

Gus Schalkham, a Granite City high school alumnus, was the second best Cougar, clocking in at 28:30.

SIU-SW harriers will host Principia College of Elmhurst, Ill., at Westminster University of Decatur at 1 p.m. Saturday.

Venice High 3rd in Cross-Country Meet

Venice harriers finished third Wednesday in a triangular meet at St. Paul of Highland, St. Paul, Mo., and Okawville was second.

Individual Venice runners placed as follows: Dan Severs 17th, Donald Getz 21st, Herbert Buford 29th, Harold Gordon 30th and Al Turner 35th.

The Red Devils lost to Buncheville 25-15 in Friday starting at 3:45 p.m.

Junior High Gridders Starting Season Today

Granite City junior high schools will open their grid season today, playing together Rock Hill at Prather, 4 p.m., and on the Granite City high school field, Grigsby hosting Edwardsville at 4 p.m. and Coolidge entertaining Weber of Collinsville at 7 p.m.

Coolidge Braves Coach Jon Toncoff, whose 1968 team won its last seven games, said the 1969 edition is "real green."

With the late start of school, we've had only 13 practices and we're way behind schedule.

John Stagner, veteran right halfback, will be pivotal to the Braves' attack. Of three quarterbacks, Russ Robinson is the probable starter.

Edwardsville has a 2-0 record so far this season. Grigsby Gator Coach Ron Yates comments, "I expect a rough game. I'm certain we have a good team, but I won't know how good until I see it under fire."

"Prather Chiefs Coach Al Sonnenberger scouted last week's 30-0 rout of North of Collinsville and reports "Roxana has a good fullback and quarterback who

Impressive Warriors Visit Powerful Alton

The Warriors have already made this Granite City's winningest football season since 1965 (record—69, 1-1-0, 78, 0-2-2, '67, 0-8-1) and will attempt at Alton at 1 p.m. Saturday to make this the best season since 1965 (record—66, 1-8-0).

GCHS with its 45-8 victory over Collinsville in last week's Northwestern Conference opener, has chosen possibly the most difficult point in the schedule to attempt to begin a winning streak.

Though Alton was shaded 8-6 last week by East St. Louis, the Redbird strength is not scoffed at by Warrior Coach Wayne Williams.

"Alton's the best team in the conference. Sure, they're down one game in the standings. But the difference between making and not making one conversion just makes me count East St. Louis."

"We've just got to realize how good Alton is, and stop their outside speed," Williams concluded.

The major source of Alton's speed is from sprinter-halfback Gale Murphy (8.8 seconds in the 100-yard dash) and fullback Regan Steiner (10.2 in the 100), the latter a 196-pounder.

For beef and agility in the line, Alton will count upon John Isom's 230 pounds and tackle Tim Keasler's 225.

Last Best Redbirds in 1965, Granite City's last victory over Alton was in 1965.

Likely to be starting for the Warriors on offense are: center Bill Golden 174 pounds, right guard Frank Mehele 178, left guard Mark Rigby 190, right tackle Dan Nemeth 204, left tackle Bud Moore 210, right end Jeff Meizer 180, left end Mark Lakatos 148, fullback Stan Corey 176, right halfback Steve Ganz 176, left halfback Dave Meizer 175 and quarterback Dave Evans 178.

Representing the Warriors on defense, it seems probable, will be: left safety Don Harris 134 pounds, right safety Dan Swich 156, middle guard Tom Loman 195, left tackle Ramon Rutledge 195, right tackle Mark Mizner 235, right end Kim Gauert 170, left guard Joe Wallace 176, left linebacker Mehele 175, right linebacker Mike Willis 175, left cornerback Dave Meizer and right cornerback Evans.

Awesome Scoring Potential

The convincing win over Collinsville is widely regarded as evidence that the delayed opening of school this fall was the main factor in an initial 12-6 loss to Decatur.

The 46-yard, 17-first-down, seven-TO offense unleashed by the Warriors last weekend was reminiscent of high-scoring Wood River teams when Williams was the coach there.

With a bigger enrollment to draw from at GCHS, Williams may have greater success in his first season here than his considerable success of the past.

But the Alton gridiron looms as a big obstacle to such plans—a challenge which has disappointed pointed warrior grid teams in this region in recent years.

Trapping Season Dates Announced

Trapping season dates for muskrat, raccoon, opossum, skunk, weasel, red or gray fox and beaver are being announced by the Illinois Department of Conservation.

The season for all furbearers except beaver will open at noon, Saturday, Nov. 15, and will end at noon, Wednesday, Dec. 31, in the Northern Conservation State. In the Southern Zone, the season will begin at noon, Tuesday Nov. 25, and will close at noon, Monday, Jan. 5, 1970.

That portion of Illinois located north of U. S. Rt. 36 is in the Northern Conservation State. The remainder of the state is in the Southern Zone.

Beaver may be taken with spring traps from noon, Wednesday, Dec. 10, until noon, Saturday, Feb. 28, 1970, throughout Illinois.

Anyone who traps mink, muskrat, raccoon, opossum, skunk, weasel, fox or beaver must have a valid trapping license in his possession. Only state residents may trap furbearers in Illinois.

Madison Harriers Defeat Red Devils

Trojan harriers defeated Venice 16-58 on the Madison high school 2.5-mile course Tuesday.

Madison runners placed as follows: Henry Robbins 1st, 11:35; Ray Dailey 2nd, 11:58; Derrell Fletcher 3rd, 12:06; Dennis Hampton 4th, 12:12; Henry Will 5th, 12:24; Harvey Lee, 7th 12:47.

Top finishers for Venice were Severs 3th, 12:22, and Johnson 8th, 13:11.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

With the coming of rain and autumn weather, activity has picked up, and with it violations involving six hunters carrying a firearm while training coveys, four for illegal dove hunting, four for carrying an unlicensed gun, and three for attempting to take frogs after the season closed. Illegal hunting is expensive fun. The dove season opened Sept. 1 and will close Nov. 9, while the special teal duck season opened and closed without too much of a flurry in Madison county.

Dove hunting, legal only in the afternoon, produced a bag of 17 for one marksman, the closest reported yet to the limit of 18. It came on opening day.

Most hunters feel that doves are a little less numerous than in previous years, but I believe it is simply a matter of their not flocking up as early. There seems to be a lot still scattered around in pairs and small groups.

Silage Factor

A great increase in silage acreage is another factor. In previous years, a freshly cut silage field drew flocks of doves, but now there are so many fields they do not have to congregate at one place. With the limit at 18 per day, a kill of 10 doesn't look too big, but two years ago that was the limit.

Teal duck hunting was not too productive at Carlyle lake, but reports from the Grafton area were much better.

The only success to speak of here was in the potholes around Horseshoe Lake, where the limit was made several days by several hunters. There was no enforcement problem to speak of, as the only persons hunting were de-hatched duck hunters who could distinguish the species well and were aware of increased enforcement by our department. The teal just weren't here to be had.

Federal Game Warden

During the early part of the dove season, a federal game warden was working in the eastern part of Madison county and the northern part of Clinton county, and I had the pleasure of working with him one day.

If all hunters knew how effective the federal wardens are, and how they work, I am sure violations would be few and far between.

Had I not known who he was, I would never have figured him

as a federal warden. They work without identifying marks and in unmarked cars, I would not have seen half as much in my black car with the big white insignia as we saw in his plain one.

Posing as a hunter, he visits landowners and acquires valuable information. He then will become situated near a group where there is a possibility of an overkill. Each time a hunter kills a bird, it is noted. Should an arrest be made for killing over the limit, he can recite in court the exact time each bird was killed as well as other pertinent details.

Picked Up Points

I picked up a lot of good points, so beware. That hunter across the road may not be a hunter after all. He may be a federal game warden. The state pheasant hunting area at Carlyle will be on this side of the lake this year between Carlyle and Keokuk, out of the eastside near Boulder.

Applications to hunt on the pheasant and goose areas are not available in Madison county. Permits may be obtained by writing to the Department of Conservation, at Springfield.

Madison county still has openings for deer permits, as do most of the surrounding counties, and applications may be made until the season opens.

Wild animals belong in the woods, not in the home. Enforcement is being increased against persons catching baby animals and birds and keeping them as pets. If you want an animal for a pet, buy one from a licensed dealer.

Wild animals "rescued" from the wild, even though appearing to be abandoned, are just as certain to die when turned loose after they are tamed as they are if they had never been rescued.

There are no facilities to care for the animals after they are grown and are no longer desirable as pets. Some persons who become tired of an animal, or who find it is becoming mean, call me to come and get it to take it to a zoo or somewhere. The only problem is that there are no "zoo" that want our local animals, so we end up taking care of them at our house.

If we get many more, there may be a founding game warden looking for a place to stay. With eight children to take after and feed, we haven't got much room for wild babies.

Soccer Cougars to Seek 14th Straight Victory on Saturday

Coach Bob Guelker's SIU-SW soccer team, winner of the four-team Akron University tournament last weekend, will be seeking its 14th straight victory Saturday against Lewis College at Lockport, Ill.

Their sweep of the Akron tournament boosted the Cougars' votes for top honors in midwest soccer rankings. Although they still trail Michigan State and St. Louis University, tied for first-place laurels with 75 points each, the Cougars received 64 points, up from last week's 56.

The leading SIU-SW scorer, John Carenza, was picked as "outstanding player" in the Akron tourney. He scored four goals in the two tournament games. It was Carenza's goal which broke a 1-1 tie and helped break the game open to give SIU-SW a convincing 3-1 victory over Akron. His three goals against the Indiana University team placed the Cougars in their 6-1 rout over the Hoosiers in the championship game.

Guelker played the substitutes most of the final half against Indiana and could have run up the score had he wanted to.

The next big test in shooting for a perfect season will be against Quincy College Oct. 11. Last season, the Cougar kickers defeated Quincy 2-1.

Carenza, who led SIU-SW to a perfect 10-0 season in 1968 with 15 goals, has already scored six this year. He is followed by Jack Blake with four, Tom Howie with two and John Deinoski, Leo Stremlau and John Barron, one each.

Jayceettes Plan

Fall Events

The Jayceettes met Tuesday evening in the home of Mrs. Sharon Cooper.

Those attending were: Mesdames Janet Partney, Tina Thomas, Pat McAmish, Betty Lake, Janet Harmon, Ann Davis, Carolyn Haldeman and Pat Brown.

A going-away gift was presented to Mrs. Lake, who is moving to Peoria, Ill., and plans were made for several future events, including a hay ride for the members and their husbands on Oct. 18; Thanksgiving baskets to needy families; a Christmas party in December; and a pot luck dinner at the next meeting Oct. 28, at the Jaycee Club when a guest speaker will be provided.

Mrs. Davis presented the budget for 1969-70 and it was accepted after a few changes.

Mrs. Donna Noe and Mrs. McAmish are to serve at the next immunization clinic, it was announced, and Mrs. Partney was presented with the special prize.

Shower Honors

Mrs. Yokley

Mrs. Susie Yokley was guest of honor at a cradle shower given Monday evening by Mrs. Barbara Trester and Mrs. Helen Mangoff in the home of Mrs. Betty Paterson, 1613 Venice avenue. Green and yellow colors were used in the decorations.

A floral arrangement of fresh autumn flowers presented by Miss Rosann Roach of Collinsville served as the centerpiece for the luncheon table, from which 40 guests were served refreshments.

Several prizes were awarded to guests, and Mrs. Linda Biggs and Miss Sherry Yokley assisted her mother in opening the gifts.

MEMBERSHIP COMPETITION between units of the Madison County Homemakers Extension Association will be in progress through Oct. 31. Shown discussing a "membership blast-off" recruiting theme are (left to right) Mesdames Marshall McElroy, Eugene Osburn, Edward Ozanich and Edward Graklanoff.

Space Theme in Member Drive

Using a space theme, the 31 units of the Madison County Homemakers Extension Association are attempting to put their 1969-70 recruiting drive into orbit by rocketing the combined membership total upward from the present 1005 to 1075.

The units are competing for honors in obtaining the most new members through Oct. 31. The winning unit membership chairman will receive an all-expense trip to the Illinois Homemakers Extension Federation annual meeting in January at the University of Illinois, Champaign-Urbana. Units adding six or more members will be judged "winner units."

Mrs. Marshall McElroy of Granite City, second vice-president of the county association, is membership chairman. Unit second vice-chairmen are spearheading the campaign.

She is emphasizing that opportunities available through the Homemakers' organization include: sponsorship of 4-H clubs, providing leaders and other assistance; leadership training in serving as unit officers and presenting lessons; and companionship with other women interested in education, homemaking skills, personal betterment and community betterment.

Also cited are benefits in self-improvement through planned lessons in food preparation, nutrition, health, home management, child care, home furnishings, dress designing, safety and the development of an appreciation of the arts and cultures of other lands. Another feature is the creative arts program, which has included Swiss straw craft, ceramics, mosaics and numerous Christmas ideas.

Through units in each community, women learn of state and national homemaker actions, including cooperation with the International Associated Country Women of the World, Mrs. McElroy adds.

Mrs. Catherine Mauck, county advisor, stresses the importance to the 1969 homemaker of continuing her education: "The home should be the center of every woman's interest, but not the circumference."

Hughes-Ellsworth Engagement

Mr. and Mrs. William J. Ellsworth, 2433 East 24th street, are announcing the engagement of their daughter, Miss Terry Ellsworth, to Harold J. Hughes, a son of Mrs. Betty Rowlett, 7 Meadowlark, and Harold Hughes, also of Granite City.

The wedding of the couple will take place Dec. 13 at Grace Baptist Church.

Miss Ellsworth, a 1969 graduate of Granite City high school, is employed in St. Louis. Her fiancé was graduated from the local high school in 1967. He is an employee of the Granite City Steel Co.

Appreciation Dinner at Church

The annual Teachers Appreciation dinner of Niedringhaus United Methodist Church was held Tuesday evening in Wesley Hall of the church.

Mrs. Raymond Henley was dinner chairman, and Marvin Van Matre served as master of ceremonies.

The invocation was given by Raymond Henley, stewardship work area chairman, and a program followed.

Special music was furnished by Mrs. Edward Fergusson, pianist, and group singing was led by Rev. Jesse Roberts, church pastor.

Edward Fergusson offered words of welcome and recognition, and the speaker, the Rev. Robert Smith, Southern Illinois Conference Coordinator of Youth Ministries, and pastor of Christ Church, Belleville, was introduced. Rev. Smith placed emphasis upon involvement in a great cause as a motive for Christian education. He said, "The important thing is not in receiving credit, but in giving yourself to the improvement of the world through volunteer service in the cause of Christ."

The benediction was given by Rev. E. V. Campbell. Seventy-eight were present at the dinner, the largest number ever to attend this annual event, according to church school leaders.

Among those present were Rev. and Mrs. Dean Blackburn, Rev. Blackburn was recently appointed pastor of the Madison Methodist Church.

Orsey-Forrester Engagement

Mr. and Mrs. J. Theodore Forrester of Walworth, Wis., and Chicago are announcing the engagement of their daughter, Miss Betty Forrester, to Robert R. Orsey, a son of Mr. and Mrs. Andrew G. Orsey, 1528 Clark avenue.

Both young people work and live in Chicago where Mr. Orsey is manager of Systems Engineering in the IBM corporation midtown office and where his fiancée is an account executive with Daniel J. Edelman, Inc. Mr. Orsey is a graduate of Northwestern University where he was a member of Pi Kappa Alpha fraternity, and of Granite City high school. Miss Forrester, a University of Wisconsin alumna, is a member of Theta Sigma Phi. A December wedding is planned.

Mrs. Andrew Orsey, mother of the prospective bridegroom, will introduce the bride-elect to friends in Granite City at a party to be held Nov. 2 at the Moose Club.

BETROTHED. Miss Terry Ellsworth, whose engagement to Harold J. Hughes is announced.

The Ladies in Action group of the Briarcliff Pentecostal Church met Tuesday evening at the church.

Mrs. Margaret Glasgow, president, was in charge and reports of the secretary and treasurer were given by Mrs. Dorothy Lakin and Mrs. Ann Hoston.

The devotional service was led by Mrs. Edith Smallwood. Her topic was "Endeavor to Keep the Faith."

Tentative plans were made for a rummage sale in October, and for a chicken and dumpling supper.

Others attending the meeting were Mrs. Dorothy Dickerson, Mrs. Marilyn Ragan, Mrs. Opal Orrell, Mrs. Barbara Blanton, Mrs. Lillian Sexton, Mrs. Virgie Clapper and Mrs. Eliza Travis.

Refreshments were served by the hostesses, Mrs. Travis and Mrs. Glasgow.

School Days Party Theme

Members of Alpha Xi chapter of Epsilon Sigma Alpha met Tuesday evening for a monthly social session, a pot luck supper in the home of Mrs. Rosalie Buente, 219 Cleveland Blvd.

An educational theme of "Old Time School Days" was noted in the decorations and favors, and members were dressed as school children of yesteryear. Geography, arithmetic and spelling games were played and prizes awarded.

Members donated wearing apparel and bedding, their philanthropic project for September, to be sent to Mississippi to aid the hurricane victims.

The latter part of the evening was spent making favors for the children's story program held at the Madison library during National Book Week.

Those present were Miss Betty Buech and Mesdames Joyce Albers, Betty Colligan, Mary Firtos, Mary Modica, Mary Firtos, Mary Modica, Carole Poole and Sue Sanasarian.

Coolidge Parents Greet Faculty

Mrs. Arlene Haldeman, president, presided Monday evening at the Coolidge junior high school PTA began its year. The meeting opened with the pledge to the flag recited by all present, and the PTA prayer by John DeCourcy.

Mrs. Haldeman welcomed all and introduced officers, who presented reports: vice-president and publicity chairman, Mrs. Maxine Ellington; secretary and Area PTA Council representative, Mrs. Twila McKinney, who discussed an Area Council dinner held at Grigsby junior high last week.

Yearbook chairman, Mr. and Mrs. Martin Love, who said the yearbooks will be ready for distribution at an open house Monday, Nov. 24; ways and means chairman, Mrs. Mary Fuhrman, who reported on the success of a soda sale, announced that plans had been made for an open sale, held Tuesday, and told of a dance the PTA will sponsor for students near the end of October.

Membership chairman, Mrs. Kate Wilson, who requested representatives to attend various grade school PTA meetings to personally invite interested parents to the Coolidge PTA meetings; and legislative chairman, Mrs. Mary Jesse.

Miss Leeta Marmion, Miss Granite City of 1968, was a guest and led a singalong, followed by a solo, "My Testimony," the selection she sang at the Miss Illinois pageant.

Mark Gifford accompanied at the piano. Miss Marmion presented honorary membership in the Coolidge PTA by Mrs. Haldeman.

GC Trust Bank Starts Reserve Cash Service

A new bank service to be known as "Reserve Cash" which permits a customer to write a check in excess of his account to the limit of a pre-approved amount has been initiated by the Granite City Trust & Savings Bank, it was announced today by Ernest A. Karandjeff, bank president.

The new service provides that when a check presented for payment is greater than the customer's balance, funds are automatically transferred from a pre-established reserve cash account to his checking account in multiples or increments of \$100, Karandjeff explained. The check is paid and the balance will remain in the customer's checking account.

"A person with a good credit standing can now write a bank loan in complete privacy for \$500 or more," the bank official said. Applications for the reserve cash service are available at the bank and have been mailed to all customers, he said.

Cheer Up a Serviceman Through Yule Mail Call

Relatives and friends of Quad-City military personnel are invited to provide the serviceman or woman's name and address to the Press-Record for inclusion in "Yule Mail Call," a special pre-Christmas project, to be sponsored by the newspaper for the fourth consecutive year.

It is requested that names and addresses be sent in by letter or post card, or the information brought to the Press-Record office, 1815 Delmar avenue.

Those submitting the serviceman's name, rank, serial number and correct address, are asked to identify themselves on the post card, letter or slip of paper in event verification or additional details are required. The names and addresses will be published as they become available, enabling Quad-Cityans to add the GIs to their mailing lists to send Christmas greeting cards, letters or packages.

Early publication is necessary, to guarantee delivery prior to the Christmas holidays. The first "Yule Mail Call" list will appear in next Thursday's issue.

Auto Struck in Side

The right side of an auto driven by Bosie E. Dutton, 2100 Illinois avenue, was struck by a car driven by Charles A. Bueger, Rural Route One, who was leaving a grocery store parking lot at 11:15 a.m. Tuesday at 2900 Madison avenue.

Arrested for Speeding

David Tackett, 1034 West 20th street, was charged by Venice police about 2 a.m. today on a charge of speeding at Fourth street and Broadway. Tackett posted his driver's license as bond pending a magistrate hearing Oct. 15.

Traffic Signal Charge

Richard L. Wilson, 2413 Bromley avenue, was charged with violation of a school traffic signal at 3:30 p.m. Tuesday at 29th street and Madison avenue.

United and second place to the Women's Division of the Tri-Cities Chamber of Commerce. Each of the winning organizations was presented with a trophy. United Fun Fair Booth Winners Selected

The display at the Catholic Charities booth featured dolls, depicting small children seated at a small table and chairs and a baby doll to signify the organizations work with children. The agency also had an informational section to distribute literature on the program of work.

Girl Scout troops in the Quad-City area, members of the River Bluff Council, conducted a game in which winners received a cake as a prize. Everyone who participated in the game was presented with a homemade cupcake. The scouts also provided an informational center outlining the activities of the Girl Scout program.

The Quad-City Council of Church Women United decorated booths for a "Book Nook and Record Rack" and "The Dandy Candy and Cookie Cupboard." The candy and cookie booth offered an assortment of homemade candies and cookies for sale with all proceeds going to the United Fund. In the other booth, the women sold books and records, including collector's items.

A "White Elephant" booth and "wheel of fortune" provided the atmosphere for the Women's Division of the Tri-Cities Chamber of Commerce project. Included in the prizes were a number of homemade cakes.

Data on GC Education Fund Tax Rate Cut, Budget Boost

With the 1968 education fund tax rate of \$2.264 expected to drop to \$2.15 for 1969 due to a change in the local area, the Granite City school board on Monday issued a statement containing related financial information.

The explanation was presented to show how the education fund rate could drop 11.84 cents in the face of a boost in the education fund budget from \$9,329,706 for 1968-69 to \$11,483,544 for 1969-70.

The statement, given out as an annual budget and levy actions were being taken, follows:

"The board of education of Community Unit School District 9, Granite City, at its meeting of Sept. 29 adopted a budget for the 1969-70 fiscal year. In doing so the board of education called for a reduction in the education fund tax rate of 11.84 cents per \$100 of assessed valuation.

"Tentative budget adoption on Aug. 27 indicated that an overall school tax rate increase for the 1969-70 fiscal year in an estimated amount of 33.28 cents would be essential. A major portion of such increase, 25.35 cents, was dictated by the necessity to provide interest payments and bond redemption of the \$4,750,000 bond issue passed on Dec. 7, 1968.

"The board of education fully realizes its responsibility to provide a sound educational system for the community, and also its responsibility to the taxpayers of the community.

Public Support Recalled
"Dec. 7, the taxpayers of the community demonstrated their support of the educational system by approving a bond issue totaling \$4,750,000 for the purpose of constructing badly needed educational facilities.

"At the same time, permission to increase the tax rate for educational purposes by a maximum of 40 cents was given primarily for the purposes of staffing and equipping such buildings.

"Full support of the operational budget for the 1968-69 year necessitated a very substantial increase in the overall tax rate—42.4 cents per \$100 of assessed valuation.

"Such increase included utilization of 11.84 cents of the 40-cent approved increase. Such levy was requested in order to assure that the school district remained in a sound financial status.

Best Area Teacher Paid
"During recent weeks, some very important developments have evolved. A two-year contract has been negotiated with Local 743 of the American Fed-

eration of Teachers. Such contract has provided the best teacher working agreement in the local area, and is one of which both the local Teachers Federation and the board of education can be proud.

"Substantial increased expenditures are dictated but, at the same time, the school district can adequately compete for well-qualified teaching personnel.

"Also, during this period, the state legislature has provided very substantial increased financial aid to the district.

"These two aforementioned factors are very nearly offsetting over the two-year period, but the implication for local property tax relief is evident.

"Final contract settlement and determination of exact increased funds from state aid have now enabled the board of education to more accurately determine the financial requirements of the district for 1969-70.

Obligation to Taxpayer
"While the necessity of remaining in a sound fiscal position is essential to the best in-

terest of the district, the board of education also recognizes its obligation to the taxpayers of the community.

"Accordingly, the board has decided to afford all practical relief possible at the present time. A reduction in the tentatively approved tax levy for educational purposes has been approved.

"Such reduction will change the previously estimated tax levy for education fund purposes from \$2.264 to an estimated rate of \$2.15—a decrease of 11.84 cents per \$100 assessed valuation. Such a reduction in the education fund rate recognizes the desire of the legislature for local property tax relief.

"Net result of such reduction will provide a total estimated tax rate which is 9.94 cents less than the originally projected rate.

"The board of education takes such action with the full realization that such decrease will probably have to be reestablished in 1970-71—and also with the full realization that some borrowing may well be neces-

sary in the 1970-71 fiscal year. "The board of education also feels, however, that all immediate relief possible should be afforded to the taxpayers of the district; and that the taxpayers of the district will continue to provide those funds essential to the continued operation of a sound educational program for their children," the statement by the board concluded.

Viewpoint of Teachers
In a letter to the board discussing school finances, Richard Huff, new president of Teachers' Local 743, has made the following comment, board members noted:

"The executive board of Local 743 is agreed that taxpayers of our community deserve every possible consideration.

"If this district can reduce taxes, no matter how short the period, without lowering the educational standards and the quality of instruction in our schools, meet its contractual obligations, provide for future financial stability and maintain high morale among its personnel, it should consider doing so."

GC Optimists Announce Fun Fair Race Winners

John L. "Jerry" McDonald, Granite City Optimist Club president, today announced the winners of ten gold trophies offered by the club to youngsters who achieved first place winning times in foot races last weekend at the Tri-Cities United Fund "Fun Fair."

Boys and girls, seven through 11 years, competed in five divisions for boys and the same number for girls, matching their running speed over a 25-yard course with others of the same age group, McDonald explained.

First place winners, whose trophies are being delivered this week by Optimist club members, include:

Seven years — Dallas Nunn, 2801 Marshall avenue, and Rhonda Crouch, 2908 Kirkpatrick Road; eight years—Richard Plese, 59 Oaklawn drive, and Rhonda Schilling, Rural Route Two; nine years—Rickie Pulley, 2508 East 28th street, and Naomi Staley, Cahokia; ten years—Tom Francis, 2529 Edison avenue, and Rene Wasylak, 2313 Grand avenue; and 11 years—Garry Wisdom, 2114 Adams street, and Paula Worthen, 37 Jandary lane.

Second place winners, listed in sequence in the seven through 11 age divisions, were: Bryan Schmiedke, 2829 Sunset drive, and Lisa Grimes, 1837 Minerva street; Stephen Goodrich, 3247 Franklin avenue, and Gretchen Hoelscher, 3132 Princeton drive; George Grove, 2455 Cleveland blvd., and Diane Dix, 2448 Delmar avenue; David Goines, 3322 Palm street, and Cynthia Bellinger, 2220 Adams street; and Billy Barnes, 1940 Benton street and David Jones, 56 North Wilson Park drive (tied), and Becky McCommis, 2919 Benton street.

Each of the participants ran a series of three races, with the best time entered on a certificate and presented the child at the time he or she competed, McDonald said. Twenty members of the men's service group assisted the new club president in operating the race project for the benefit of the United Fund.

Episcopal Diocese 91st Annual Synod Will Begin Friday

The 91st annual Synod of the Episcopal Diocese of Springfield will open on Friday afternoon in the Mississippi Room of the University Center of Southern Illinois University at Carbondale campus, with the Rt. Rev. Albert A. Chambers, E.T.D., Bishop of Springfield, presiding.

Bishop Chambers will deliver his annual Pastoral Address to the Synod and the Episcopal Church Women's convention, which will meet at the same time as the Synod, at the Synodical Solemn Evensong, which will be held in the Auditorium of the Communications Room at SIU-SW at 5:30 on Friday.

At 8 p.m., the Synodical banquet will be held in the Meridian Room of the University Center. On Saturday morning, the Synodical Pastoral Hymn Mass will be sung at St. Andrew's Church in Edwardsville at 7 a.m., with Bishop Chambers celebrating, assisted by the four Archdeacons of the Diocese.

Following a breakfast at St. Boniface School in Edwardsville, the Synod and E.C.W. convention will resume meetings at University Center adjoining at 4 p.m. Those attending the Synod and E.C.W. convention from Granite City, in addition to Fr. Wilbur L. Lear, rector of the local Episcopal parish of St. Bartholomew, will be Mr. and Mrs. William L. Harris, Mr. and Mrs. Garvin Burdette, Mrs. William Chepley, Mrs. James Sturdevant and Mrs. Albert Miller, a visitor to the Synod will be the Rev. Canon David Nyberg, former rector of the local parish.

Fr. Nyberg is now a chaplain in the U. S. Air Force, holding the rank of captain. He is stationed in Washington, D. C., where he lives with his family. This will be Fr. Nyberg's first visit to the area in seven years.

Heart Ailment Fatal To Bert Forehand, 57
Bert Forehand, 57, of 1937 Skunk street, Madison, died at 9 p.m. Monday at Firmin Desloge Hospital, St. Louis, where he had undergone open heart surgery at 8 a.m. the same day. He had a heart ailment for several months, he had continued to work until recently. He entered the hospital Sunday.

Mr. Forehand was born in Alexander county, Ill. He resided in the Quad-Cities about 25 years and had been employed since 1948 in the warehouse department of Lackde Steel Co.

He was a member of Temple Baptist Church of Madison, Odd Fellows Lodge of Jonesboro, Ill., and United Steel Workers of America, Local 1785. His wife, Mrs. Myrtle Forehand, died in January 1963.

Surviving are two stepsons, Ray Dailey of Madison and Norman Dailey of Sandoval, Ill.; three brothers, Arthur Forehand of McClure, Ill., and Sherman and Andrew Forehand, both of Jonesboro; and several step-grandchildren.

Funeral arrangements are given in today's obituary column.

Damaged in Venice
Damage to the left front of an auto driven by Glenda K. Brown, 1714a Edwardsville road, Madison, resulted from a collision at Sixth and Jefferson streets, Venice, at 7:15 p.m. Tuesday. Police said the Brown car struck the rear of another auto stopped on Jefferson at Sixth, but no report from the other driver had been received yesterday.

HARRY FREDMAN
Treasurer and Founder

DAVE FREDMAN
President and Founder

NEIL FREDMAN
Secretary and Founder

Fifty-five years ago three young brothers, Dave, Harry and Neil Fredman founded a small furniture store in Collinsville, Ill. They had in mind a family business that would grow just as their families grew, through the years. For this reason they established the following business policy and ideals which they have maintained throughout the years:

"To Build a Store That Will Be a Credit To The Community Which It Serves, To Foster a Fine Relationship Between The Store, Customer, Co-Workers and Suppliers. To Maintain And Always Sell Merchandise at The Lowest Possible Price. To Understate Rather Than Exaggerate In Advertising and Selling. To Consider No Transaction Closed Until the Article Purchased Has Rendered Satisfaction. To Measure Success Only By The Service Which It Is Able to Render Its Customers."

These were the policies originally set forth by the 3 founders. These are still the ideals adhered to by themselves, their children who are now part of the business and by all their employees no matter what position they hold. We feel that these are the policies and ideals that have enabled Fredman Bros. to become the largest furniture chain in Illinois.

THE FREDMAN STORY

"THE ONLY THING WE REALLY SELL IS SATISFACTION"

We do everything humanly possible to make sure you'll be satisfied with the things you buy at Fredman's. Yet, once in a blue moon, something happens and you're not satisfied. What should you do? Please bring it back to Fredman's so we can make you satisfied. Please? It's much more important to us than it is to you. We have such wonderful plans for our future.

MISSIONARY TO SPEAK AT METHODIST CHURCH

Miss Hester Easley, missionary to Mexico, will speak at the Dewey Avenue United Methodist Church, 2138 Dewey avenue, Oct. 5 at the morning worship service, at an afternoon young people's service and at the 7 p.m. mission hour.

Miss Easley serves with the World Gospel Mission, an interdenominational missionary organization with approximately 240 missionaries and associate missionaries in 18 areas of the world. Its headquarters are in Marion, Ind.

A native of Illinois, Miss Easley trained at Western Illinois Teachers' College and taught in public schools for seven years.

Deciding on missionary service, she entered Asbury College, Wilmore, Ky., to prepare.

Later, she attended Asbury Theological Seminary.

She entered missionary service in 1936 at El Paso, Tex., where she served for seven

years with the Women's Missionary Board of the Methodist Church. She also did evangelistic work in the Mexican Methodist Conference for a year.

In 1945 Miss Easley began missionary service with World Gospel Mission, and engaged in evangelistic work in and near McAllen, Tex. Entering Mexico, she did village work in San Salvador in cooperation with a national church group for two and a half years before going to Sault Ste. Marie, Mich., for the WGM; she has worked there for the past 18 years.

At Sault Ste. Marie, capital of the state of Coahuila, her duties were varied, including preaching, teaching a Sunday school class, directing Bible schools and helping to foster youth camps. She also gave piano and accordion lessons.

While on furlough, Miss Easley is presenting the challenge of the "unreached multitudes of Mexico" and uses slides to illustrate her talks.

Troop Four Boy Scouts helped with a booth at the United Fair Sunday afternoon. Participating were Scouts Danny and Jimmy Amabury, Jerry Wilson and Roger Durr and Scoutmaster Bob Deloria.

On Monday evening, the troop met at the Dewey Avenue United Methodist Church and then

Defensive Driving Demonstration Given at GCHS

A defensive driving and auto skid demonstration sponsored by police and the Country Companies Insurance of Bloomington, was conducted Monday at the Granite City high school for members of the driver training class. Local and state police departments assisted.

"It's common knowledge that young people have more traffic accidents than other drivers. A lot of the problem lies in the young person's attitude and driving experience. The importance of becoming a better defensive driver cannot be over-emphasized," Eldon Gorley, public relations representative for the Country Co., pointed out.

Members of the student body participating in the demonstration were Connie Tarrant and Thomas Rippey and faculty members included Charles Mizerski and Don Miller. The demonstration was arranged by Robert Brave, agent for the insurance company. Tests were conducted at varying speeds of 20 to 40 miles per hour.

The demonstration automobile was equipped with a special device which indicates the distance traveled while the driver is moving his foot from the accelerator to the brake. In addition, it indicates the distance it takes to stop the automobile after the brake has been applied.

Japanese Pantomimist To Perform at SIU-SW

Yass Hakoshima, the only Japanese performing pantomime in the western world, will present a program at Southern Illinois University-Southwestern campus next Wednesday.

The performance is part of the Artist-Lecture Series at the University and will be at 7:45 p.m. in the Meridian room of the University Center. It is open to the public free of charge.

Hakoshima's repertoire includes numbers that embody humor, pathos, frustration, grandeur and a symbolic struggle for freedom. The works have been created by Hakoshima as a personal statement of his art. Although rooted in pantomime, one of the oldest Japanese art forms, his performances also borrow from classic dance and demonstrate that silent performance can contain dramatic tension.

Hakoshima's appearance is part of a tour planned by the Arts Program of the Association of American Universities.

St. Elizabeth CYO To Give Dance Friday

The St. Elizabeth CYO group will sponsor a dance Friday, Oct. 3, from 8:30 to 11:30 p.m. in the school cafeteria featuring the Kaleidoscope music group. Admission will be \$1 per person.

Nancy Sternberg Named Roca Club Sweetheart

Nancy Sternberg, 17, daughter of Mr. and Mrs. Gene Sternberg, 2622 Cleveland blvd., has been elected as the new fall Sweetheart of the Roca Young Men's Club.

The new Sweetheart is active in Red Peppers, is president of Masque and Gavel, is a member of the National Honor Society and the National Forensic League and has appeared in dramatic productions at Granite City high school. She attends St. John Church of Christ.

She will serve as hostess at a Roca Parents' Night program Sunday at the Moose lodge as well as other club activities during her term. Advising her will be Rick Cardwell, Sweetheart chairman.

Roca members attended the National Methodist Church Sunday in honor of Tim Moore, president. A breakfast and short meeting followed at the Sunset Hill Holiday Inn. Members then attended a showing of pottery and other ceramic artwork at the Southern Illinois University-Southwestern campus.

The show featured the work of Robert Allen of Granite City and was displayed in the Loveloy library. All activities were coordinated by Rick Diak, church chairman.

The club is planning a hayride Oct. 18 at the Chester Buchta farm on Carpenter road near Edwardsville. The social event will be supervised by Harry Diak, chairman.

Police Auxiliary Sponsoring Teen Town at Pontoon Beach

The Pontoon Beach Police Ladies Auxiliary will sponsor an all new Teen Town in the Pontoon Beach area beginning this week.

The plans, made with the assistance of the teenage youngsters, are for Teen Town sessions every Wednesday from 6:30 to 9:30 p.m. at the Long Lake Fire hall for young people between the ages of 13 and 18.

The organization was formed to provide clean and wholesome activity for the young people and has had the help of many volunteer parents. Chaperones will be present at each meeting, five adults with two members of the auxiliary have agreed to attend.

Also planned is a weekly audition for new bands just starting in musical careers to be known as the "Battle of Bands," with the best band of the month receiving an award. Winners at six months intervals will compete for cash prizes.

Rules and regulations have been set up by the auxiliary and teenagers who will attend the function. Anyone who wishes to assist on a volunteer basis may contact Mrs. Sharon Littlejohn at 931-1482, the ways and means chairman.

Newsman to Speak At McKendree College

A veteran news correspondent who has covered major trouble spots around the world will speak Sunday at McKendree College in Lebanon.

Bernard Eisman, noted commentator and author who has worked for both the Columbia Broadcasting System and the American Broadcasting System, will discuss "New Politics" at 8 p.m. in the Deenen Campus Center.

Sponsored by the Cappus Program Association, a student organization dealing with campus activities, his talk will be the first of several to be presented during the year. A coffee hour and discussion period will follow.

Mrs. Sheri Smith, director of student activities, noted the program also would be open to the public, as well as to McKendree faculty and staff.

ROBIN ROBERTSON CELEBRATES BIRTHDAY

Robin Robertson, daughter of Mr. and Mrs. Clifford Robertson, 2332 O'Hare Avenue, was guest of honor at a winter roast given in observance of her 10th birthday by her parents Sunday evening.

The party was held in the back yard and was attended by Valerie and Karen Orescovich, Rita and Margaret Lovins, Jean Jean Hanvey, Carla Syoboda, Cindy Smith, Mary Kay Dolins, Cheryl and Carol Tharp, Mindy Henson and Robin's brother, Derek.

Robertson, who has the same birthday as his daughter, had celebrated his birthday with his wife and friends aboard the Huck Finn excursion boat, followed by a barbecue.

MITCHELL SCHOOL PTA SCHEDULES MEETING

Mrs. Laurabeth Witkamp, publicity chairman for the Mitchell school PTA, has announced that a regular meeting for the group will be held Thursday, Oct. 9, at 7:30 p.m. in the school gym.

Art Menendez, principal, will introduce the teachers and staff and review future school activities. All parents are being urged to attend.

The savings stamp program, under the direction of Mrs. Pat Waldo, has begun at the school. Stamps may be purchased every Wednesday during the lunch hour.

Danny Stanton, son of Mr. and Mrs. Robert Stanton, celebrated his tenth birthday at a family

dinner party held Tuesday evening at his home, 2940 Washington avenue. The Stantons are also parents of a daughter, Robin. Following dinner, they attended the Cardinal baseball game in St. Louis.

MISSION PRAYER GROUP MEETS AT HARP HOME

Mrs. Pauline Harp, 2763 Washington avenue, hostess to the Mission Prayer Group of First Baptist Church Tuesday morning. Mrs. Virginia Head offered opening prayer and read the devotional for the day.

"Get well" cards were prepared and sent to several ill church members, and three cards were sent to men of the church serving overseas with the armed forces.

Prayers for missionaries at home and abroad were led by Mrs. Lee Willis. Mrs. Velma Christian, 3015 Iowa street, will entertain the group next Tuesday.

A noon luncheon was served by the hostesses to those mentioned and Mrs. Iva Olive, Mrs. Fern Affolter, Mrs. Dolores Carson and Mrs. Myrtle Howell, who was welcomed back into the group.

The lunch table was covered with a gold cloth. A green and gold floral arrangement served as centerpiece.

MARYVILLE PTA WILL MEET OCT. 14

The Maryville school PTA will hold its first regular meeting of the new school year Tuesday, Oct. 14, at 7:30 p.m. at the school.

The executive board will meet Thursday, Oct. 9, at 7:30 p.m. at the school. All parents are invited to attend both meetings.

The program Oct. 14 will be on the non-graded instructional program conducted at the school. Jack Mulach, principal,

will be in charge of the program. Refreshments will be served following the meeting by the PTA executive board.

The Youth Department of the Church of Christ, 2130 Clark avenue, sponsored a church wide roller skating party at the Stardust roller rink Monday evening. Young people, adults and guests attended.

Ray Kimbrell, youth director at the church, reports that teenagers of the church will have an all-day outing Saturday. They will meet at the church at 7 a.m. and travel to the church camp, Camp Ne-O-Pez, near DeSoto, Mo., for the day's activities.

FELLOWSHIP HAYRIDE

The Junior Methodist Youth Fellowship at Nameoki United Methodist Church held a hayride Sunday night at a farm on the Arlington Heights road. A bonfire was enjoyed at the end of the hayride.

Sponsors attending were Rev. William Fester, Mr. and Mrs. Jerry Ashby and Mrs. Diane McCarmore. Gay Bowler, Diane Bunch and Richard Bunch. The next meeting will be Sunday at 6:30 p.m. at the church.

MARRIAGE TOPIC OF YOUNG WOMEN'S GROUP

The Young Women's Auxiliary of Calvary Baptist Church met Monday evening at the home of the counselor, Mrs. Janice Stanton, 2940 Washington avenue.

The meeting opened with all singing the YWA song, "O Zion Haste," which Robin Miller accompanied at the piano.

Scripture reading was given by Shirley Williams, and the

call to prayer was by Debbie Phelps. Mrs. Stanton led prayer.

Plans were made for a costume Halloween party Oct. 27. The next regular meeting will be Oct. 13 at the Stanton home.

Topic for the evening's discussion was "Ready for Marriage," taken from the "Win-Now" magazine. All present participated.

A report was given on an Educational YWA meeting held at Suburban Baptist Church. Five Calvary members attended, and Rhonda Miller participated in that evening's program.

Mrs. Pauline Linville assisted Mrs. Stanton, and both served refreshments to those named and Brenda Bivins, Brenda Brinkley, Shirley Williams and Debbie Phelps.

SURPRISE PARTY

Mrs. Edna Dietrich was honored with a surprise birthday party Tuesday night, given by relatives and friends at the home of her daughter-in-law, Mrs. Diana Dietrich, 2661 Lincoln avenue.

Guests, singing "Happy Birthday," greeted Mrs. Dietrich as she entered the home. Those present were Mesdames Wilma Arbeiter, Leola Arbogast, Fern Eddley, Ada Morgan, Jessie Looz, Hazel Bensley, Gladys Skubish, Lucille Webb, Blanche Scantling and Louise Knobloch of Oglejipe and Susan Lauffen of St. Louis.

Games were played and prizes were won by Mesdames Arbeiter, Eggleys, Looz, Bensley, Scantling and Webb.

The guest of honor received a telephone call from her daughter, Mrs. Betty Crane of Moline, and was presented gifts. Birthday cake, ice cream and coffee were served.

Music Program At Nameoki PTA

Approximately 175 parents, teachers and children attended the September meeting of the Nameoki school PTA Tuesday night and heard a musical program.

Prior to the meeting, the membership committee enrolled members and distributed the new PTA program books.

The ways and means committee displayed all-occasion gift wraps and ribbons.

The meeting was called to order by the president, Mrs. Beverly Foote, and the pledge of allegiance and PTA prayer were led by Mrs. Angie Kafalas, vice-president.

A report of the May meeting was read by Mrs. Marian Siple and Joel Tester gave a treasury report.

Mrs. Foote introduced Donald Kopp, principal, who welcomed all to the meeting and introduced 21 teachers. He noted that several teachers on this year's staff are ex-Nameoki school students themselves.

Mrs. Foote presented the 1968-70 PTA unit budget and it was approved.

Co-chairmen for ways and means, Mrs. Katie Wilson and Mrs. JoAnn Huelskoetter, requested gift wrap sales help and asked for volunteers to make gift items for the fall bazaar to be held at the annual school open house. They reported on magazine sales which will begin Oct. 16.

Mrs. Foote reported that a membership race was held in a room with 100% PTA membership will receive a \$10 cash award.

Mrs. Foote, a former middle primary teacher at Nameoki, has moved out of the Nameoki school area and has assumed her position with the PTA. Election of a new president, Mrs. Vera Farrow, was held. The new president is an upper primary teacher at the school.

Kopp installed the new president, and she then gave recognition to Mrs. Foote for getting the PTA year off to a start, and presented her with a white orchid corsage. Mrs. Tester gave her a gold pin engraved with her initials, on behalf of Nameoki parents.

A special program was presented by Mrs. Mildred Hediger, vocal music teacher, and students in Mrs. Farrow's class, which is the class Mrs. Foote had last taught.

Several songs were sung, with Mrs. Hediger accompanying at the piano. The last selection was a parody to the tune of "School Days," written by Mrs. Farrow about Mrs. Foote. Each student then presented an apple to Mrs. Foote.

Room attendance honors were won by Mrs. Farrow's class.

Refreshments were served in the cafeteria by the PTA executive board.

The board will meet Oct. 14, and the PTA Oct. 21, when the program will be "How Your School Meets the Needs of Your Children."

Annual Breakfast For Garden Clubs

The Thorngate Garden club held its annual 50th anniversary breakfast Tuesday morning at the Wilson Park recreation center. Mrs. Wanda Kincaid, president, presided.

Guests included members from four Granite City garden clubs, the Garden Stars club, Gardenaires, Terrace Garden club and Cloverview Garden club.

Guest speaker was Donald Hastings of Edwardsville, Madison county conservation officer. Mrs. Pat Hastings accompanied her husband to the breakfast.

Hastings showed slides of birds and animals of the woods, and gave a talk on conservation.

The breakfast menu included home-baked breads and coffee cakes. Favors presented to each guest were hand-made brushes, made from netting and decorated with artificial flowers.

An out-of-town guest was Mrs. Dennis Revelle of House Springs, Mo. Mrs. Kincaid's mother.

PINOCCHLE CLUB PLANS PARTY

The Dizzie Dozen pinocchle club met Monday evening with Mrs. Marian Lipscomb.

Prizes were won by Mrs. Evelyn Ferro, Mrs. Dorothy Kowalk and Mrs. Mary Merz. Others present were Mesdames Coleman, Murgie, Loretta Coleman, Rhea Grove, Mary Tucker, Agnes Roderick, Betty Rutkowski, and Cecelia Crues of the club and a guest, Mrs. Loretta Pritchard.

Lunch was served and plans were made for a Christmas party at the Roundtable in Collinsville. The Oct. 20 meeting will be with Mrs. Kowalk.

RETIRING AND NEW OFFICERS of the Quad-City Council of Church Women United. They are left to right, Mrs. John Gordon and Mrs. James Craddock, retiring co-presidents; Mrs. John Schrader, newly-elected president and Mrs. Fred Rupp, new vice-president.

Church Women United Elect Mrs. Schrader as President

Mrs. John Schrader was elected to serve as president for the 1968-70 year of the Quad-City Council of Church Women United during a business meeting held Monday night at Central Christian Church.

Mrs. James Craddock, the retiring co-president, presided at the meeting with Rev. Thomas Trece, representing the Quad-City Ministerial Alliance, opening the meeting with a reading and prayer. Thirty-two representatives from 16 area churches attended.

Other officers installed by Mrs. John Gordon, the other retiring co-president, were Mrs. Fred Rupp, vice-president; Mrs. Wanda Baucum, chairman of the World Day of Prayer; Mrs. William Beatty, secretary and Mrs. Victor Anderson, treasurer.

Another year, also repeating their term of office are Mrs. Frank Harris, chairman of World Community Day, and Mrs. Ruth Kaburek, chairman of May Fellowship Day.

Highlight of the meeting was the presentation of slides depicting the various activities in which the group has become involved over the past two years. Mrs. Craddock and Mrs. Gordon, who served during this period, have successfully organized and led volunteers from Church Women United to the following endeavors:

The Nearly New Clothing Center, an attractive retail store located at the Co-ordinated Youth Center, which provides, free of charge, needed clothing and accessory items for students upon referral by schools and various agencies.

A tutorial service in which qualified volunteers donate one hour per week in aiding students in remedial work and eye training exercises; a transportation pool, which provides transportation for cancer treatment patients.

The group also serves Co-ordinated Youth Service, the Tiny Tim Nursery, where volunteers work with a trained teacher to help give the physically handicapped child additional training to prepare to enter public schools and work in the field of mental health.

Chairmen of these various projects are Mrs. Lester Webb, Mrs. D. F. Daniel, Mrs. Peal Surbey, Mrs. William Richardson, Mrs. Frank Ehler and Mrs. John Gordon.

At the conclusion of the meeting, refreshments were served, with special recognition being given to Mrs. Craddock on her birthday.

Wilson Park Outing BY BROWNIE TROOP 528

Brownie Troop 528, sponsored by the Niedringhaus PTA, assembled at Wilson Park Tuesday afternoon for a recreation series and a snack under the leadership of Mrs. Beth Caffrey and Mrs. Jean Holder.

The girls renewed their promise and recanted Brownie gold. The scouts constructed salad men out of marshmallows, fruit and vegetables. Hostesses were assigned to be in charge of the weekly treats: Carla Mitchell will serve next Tuesday. Permission slips were filled out for a hayride Oct. 14.

The girls sang the Brownie smile song. Present were Tracy Bauer, Debbie Bigham, Jo Ann Curtis, Mary Erney, Gena Fox, Kim Grammer, Karen Holder, Gretchen Hoelscher, Jean Jones, Twyla Lathrop, Bonnie Lubbert, Georgia Matosian, Carla Mitchell, Judy Moore, Danita Parker, Martha Portell, Debbie Ward, Mary Ellen White and a guest, Beth Gollinger, a member of Troop 518.

CADETTE TROP VIEWS FOSSIL COLLECTION
Cadette Girl Scout Troop 234 of "Prather" junior high school held a weekly meeting Monday evening, continuing a "fossil workshop" under the guidance of the leader, Mrs. Margarette Barton.

A formal opening ceremony was conducted and the Cadettes repeated the pledge of allegiance and scout promise. A report was given by Secretary Sherrel Barton.

Menus and ideas were discussed for a social dependability study. Kathy Justice displayed a rock and fossil collection and gave a report. Charlene Bennett spoke on requirements of the sports badge.

Others in attendance were Theresa Bascidin, Janet Gafford, Theresa Hancock, Carol and Rose Hildebrand, Terri Jones, Evelyn and Sara King, Barbara Pickett, Marceina Robertson, Mary Stanfill and Karen Zimmermann.

TRIO UNIT WILL HOLD GUEST DAY OCT. 7

A monthly meeting of the Trio unit of the Madison County Homemakers Extension Association will be held Tuesday, Oct. 7, at 12:30 p.m. at the Hope Lutheran Church, Garfield and Washburn avenues. A representative of the Heart Association will speak on the association.

Hostesses for the day will be Mrs. Naomi Kinney and Mrs. Mabel Gertsch. "Coffee Hour" will be observed at the meeting, and those interested in attending may obtain information from Mrs. Ivan Graklanoff at 931-3588.

NEWLY-WEDS FETED AT SHOWER
A wedding shower honoring Mr. and Mrs. Charles "Chuck" Hansen, who were married Sept. 5, was given this week at the home of the bridegroom's parents, Mr. and Mrs. Charles L. Hansen, 3133 Willow avenue.

The shower, combined with a barbecue supper, was hosted by Mr. and Mrs. Wayne Peterson and Mr. and Mrs. James Hankins. Games were played and prizes were awarded.

Many guests were presented the newly-weds, who are residing at 4140 Division street. Mrs. Hansen is the former Miss Jackie Koller, daughter of Mr. and Mrs. Jack Koller, 2724 Angela drive.

Among the guests were Mr. and Mrs. Victor Morrison and children, Gary, Rick and Misses Marianne and Pam Morrison, Mr. and Mrs. Jerry Sladky and daughter, Miss Valerie Sladky, Kenneth Derossett, Mr. and Mrs. Edward Wilson and daughter, Stacy Lynn, Mr. and Mrs. A. Revised Vehicle Code Ok'd by Gov. Ogilvie

A legislative bill—the revised, 504-page Illinois Vehicle Code—was signed this week at Springfield by Gov. Ogilvie.

The new bill includes a re-codification of 15 acts relating to vehicles into one act but makes no substantive changes. It is patterned after the Uniform Vehicle Code, but retains provisions peculiar only to Illinois.

The new law will go into effect on July 1, 1970. The state police and secretary of state will now revise their enforcement procedures so as to utilize the new numbering system adopted by the new law.

Secretary of State Paul Powell said the new law is to be pronounced by his office and public distribution will be made.

Daughter Arrives for Mr. and Mrs. James Kreher

Jennifer Lynn is the name selected by Mr. and Mrs. James Kreher of Belleville, formerly of Madison, for their daughter, born Saturday at St. Elizabeth's Hospital in Belleville. The infant weighed six pounds and 12 ounces.

The Kreher family has a 14-month-old son, Michael. Grandparents are Mr. and Mrs. Al Messa of 1535 Sixth street.

Son Born to Former Granite Cityans

Mr. and Mrs. John Wilkinson of Edwardsville, formerly of Granite City, are announcing the birth of a six-pound, 12-ounce son Sept. 24 at St. Elizabeth's Hospital.

The couple has four other children: John, 13; James, 11; Janie, 4; and Jill, five.

Mitchell Water District Plans Line Extension

The Mitchell Public Water District has called bids for 4 p.m. Oct. 14 on construction of a water main extension to serve Northland Estates No. 3, it was announced today.

The bids will be opened in a meeting of the water district board at 7 p.m. Oct. 14, the same date as the 4 p.m. bidding deadline. Engineers said only about 600 feet of water main construction is involved in the project.

Mr. and Mrs. Max Mills Are Parents of Daughter

Mr. and Mrs. Max Mills of 2442 East 25th street are announcing the birth Wednesday of their fourth child, a daughter, at Belleville Memorial Hospital.

The new arrival, as yet unnamed, weighed nine pounds and three ounces. She has two brothers, Jeff, six years old, and Mark, five, and a sister, Melissa, two. The grandparents are Mr. and Mrs. Curtis Blevins of Granite City and Mr. and Mrs. Max Mills sr. of Highland.

Public Notices 34

PART 1, SECTION 1.1

NOTICE TO CONTRACTORS

Water Main Extension to serve "Northland Estates No. 3". The President and Board of Trustees of the Mitchell Public Water District will receive sealed proposals for the Water Main Extension to serve "Northland Estates No. 3" in their offices located at 745 East Chain of Rocks Road, Granite City, Illinois, until 4:00 P.M., October 14, 1969. The bids will be publicly opened and read at their Board meeting scheduled for 7:30 P.M., CDT, on October 14, 1969.

Proposal forms as well as the plans and specifications are on file at the office of Sheppard, Morgan & Schwaab, Inc., Consulting Engineers, 1100 State Street, Granite City, Illinois, and may be obtained from them upon deposit of \$20.00. The amount of the deposit will be refunded to each party submitting a bid to the Mitchell Public Water District upon return of the plans in good condition within the 15 days after the bid letting.

A bank draft, certified or cashier's check made payable to the Mitchell Public Water District or a satisfactory bid bond in the amount of \$20,000, shall be submitted with each bid to insure execution of a satisfactory contract award. The bond must be submitted within ten (10) days after a notice of award is mailed to said bidder in case his bid is accepted by the Board of Trustees. No bid may be withdrawn subsequent to the opening of bids without the consent of the Board of Trustees for a period of fifteen (15) days subsequent to the receiving and opening of said bids. The successful bidder will be required to furnish a satisfactory contract bond in the total amount of the contract award.

The successful bidder will be required to pay not less than the prevailing rate of wages as determined in accordance with the Illinois Prevailing Wage Law to all laborers, mechanics and other workmen employed in the construction of this project.

All proposals must be made on forms furnished by the Engineer.

The Mitchell Public Water District reserves the right to waive, or not to waive, any irregularities in the bids and determine which is the lowest and best bid for the work.

By order of the President and Board of Trustees of the Mitchell Public Water District.

Year-Round School, Other Efficiencies Are Proposed

Citing a 900% increase in Granite City school property taxes since 1946, William F. Hoelscher, president of the Granite City Taxpayers Association, called for a public budget hearing Monday at which two local groups are calling for greater efficiency.

Representing the Manufacturers Association of the Tri-Cities and the Tri-Cities Taxpayers Public Expenditures Survey Group, Hoelscher urged consideration of year-round school, revision of average class size, and use of procedures or equipment enabling instructional productivity to be increased.

He opposed trends noted in teacher working agreements, including advance commitment of a portion of future state tax aid to teacher pay increases.

Hoelscher's statement to the board follows:

Since the end of world war II, our country has experienced tremendous industrial expansion, population growth and inflation in the cost of living. The Bureau of Labor Statistics reports that from the 1947-48 period to 1969 the cost of living in the St. Louis metropolitan area rose 27%.

In 1946 the total real and personal property tax rate in Granite City was \$1.76 per \$100 assessed valuation. This rate increased to \$5.21 in 1968—a jump of nearly 200%.

To put it another way, taxes have increased in Granite City from 1946 to 1968 three and one-half times as fast as the rise in the cost of living.

This tremendous increase in tax rates is magnified by an even greater increase in the level of assessed valuation of taxable property.

Assessment Up 240%
In 1946, the total assessed valuation of all real and personal property in Granite City was just over \$51,000,000. In 1968, the total assessed valuation of such property was nearly \$174,000,000—an increase between that period of nearly 240%.

To be sure, a good deal of this increase in assessed valuation was true growth, that is, improved industrial facilities, new home construction and annexation. It is equally true that a good deal of this increase in assessed valuation total was caused by inflation in the market price of real and personal property.

The combination of increased assessed valuation levels and increased tax rates has produced an unprecedented increase in the number of tax dollars paid by Granite City taxpayers.

In 1946, total tax dollars extended to be paid totaled roughly \$800,000. In 1968, total tax dollars extended to be paid totaled more than \$9,000,000, an increase of almost exactly 900%.

It has not been the purpose of these comparisons to challenge the validity of increases in the expenditures of public monies but rather to point out the magnitude of these increases and the cause for concern.

School Spending Reviewed
While all local tax units in Granite City have contributed over the years to this severe tax spiral, increases in tax levies by Unit 9 have added the lion's share of the burden.

While I cannot compare for you increases in assessed valuation in Unit 9 from the year 1948 to 1968, because Unit 9 did not come into existence until 1950, the assessment statistics for both the city of Granite City and Unit 9 from the year 1950 to 1968 provide a clear conclusion that increases in assessed valuation for Unit 9 have exactly paralleled those increases experienced by the city of Granite City.

This is very probably due to the fact that over the years approximately 80% of Unit 9's assessed valuation has come from the city of Granite City.

It is possible, however, to compare tax rates and total tax dollars extended over this same time period. In 1946, the ten school districts which later made up Community Unit 9 had individual tax rates which, although ranging from 12c to 67c, relied mainly on a range of rates from 28c to 31c to produce approximately \$443,000 in tax revenues.

In 1969, Unit 9 taxpayers paying a rate of \$3.13 on an assessed valuation of over \$210,000,000 produced tax dollars extended to be paid of more than six and one-half million dollars.

Thus, Unit 9, with an assessed valuation rise paralleling that of the city of Granite City, produced increased tax rates which rose more than ten times on the average to produce total tax dollars paid in 1969 fifteen times greater than those paid in 1946.

Without unduly straining your patience, may I dwell just for a moment on the relationship of assessed valuations, tax rates, and total tax dollars paid.

Impact on Industries
In 1968, the industrial manufacturing industries in Granite City and Nameoki township had an assessed valuation of more

than \$100,000,000, some 46% of the total assessed valuation of Unit 9.

These industries, bearing a total tax bill of more than \$3,000,000, have felt the burden of the tax increase in the profitability of their operations. In a few cases, this effect on profitability has become critical.

While the local real and personal property tax burden is only one of the many manufacturing construction and operating labor costs, a serious effect on industrial expansion and development can result.

In case a five-million-dollar tax bill fails to impress you in this day of money landings and budgets of billions, let me point out that a business or industry must produce and successfully sell some 50 to 75 million dollars worth of products at a profit to pay that tax bill.

It is a fact that while most of our existing industries have modernized at considerable cost over the past few years, new industrial manufacturing construction of substantial magnitude has become established in the area since the mid-1950s.

The area's industrial manufacturing work force, which reached a peak of 19,500 in 1956, has dropped as of September of this year to 17,500 employees.

The failure to maintain industrial expansion has an eroding effect on the tax base and on the general local economy.

As the area's industrial manufacturing work force has declined, the per capita assessed valuation level of the district will suffer.

District Poor, Not Wealthy
Evidence of this may be noted from the latest figures from the Division of Finance and Statistics, state of Illinois, which indicates that in 1967 the per capita assessed valuation of Unit 9 was \$15,145, which ranks the unit 318th out of the state's 392 unit school districts.

In comparison, the Venice school district ranks 5th in the state with a per capita assessed valuation of \$33,954.

A continued representation to the general public by our school teachers' local and others, that Unit 9 is a wealthy school district and can lead the downstate area in salaries and benefits, can only result in ultimate financial disaster for our school program.

Shrinking per capita assessed valuations require increased tax rates which result in unsustainable tax dollar extension burdens which cycle back in reduced industrial and commercial activity.

The man-on-the-street citizen taxpayer finds employment opportunity diminished by reason of industrial decline and yet finds his personal tax bill rising out of sight.

Having become locked in such a cycle and apparently unable to immediately stimulate additional industrial growth and commercial activity, our only remaining alternatives are to maintain the stability of our tax unit budgets through cost control and increased efficiencies of operation, or additional outside aid.

Outside Aid Consumed
Although both state and federal governments have recognized the necessity for increased aid, recent activity by the school teachers' local through collective bargaining demands and strike activity have seen to it that local taxpayers afforded little if any re-

lief from increased governmental financial aid. As this is a matter I wish to return to in more detail in just a moment, may I now direct your attention to the success or failure experienced by Unit 9 in maintaining past year budget levels.

A comparison over a period of only the last five budget years shows Unit 9 appropriations have increased from \$8,099,785 for the year 1965-66 to \$18,137,243 for the 1968-69 year, or 126.2% if the 1969-70 construction cost of some \$4,700,000 are included.

Even if these construction costs items are not included, the 1969-70 budget is still an increase of \$6.5 million over the 1965-66 appropriation or an overall increase of 79% over this five-year period.

The Unit 9 budget rose 9.1% in 1966-67, another 29% in 1967-68, and 1.9% in 1968-69, and is now up another 26% in the 1969-70 year.

Again, these comparisons have been made to illustrate the propriety of these expenditures of public funds in the interest of quality education for our young people, but rather to demonstrate that Unit 9 has been unsuccessful in maintaining the stability of its budgets, a situation which will probably continue in the future with increases at these same tremendous rates—unless some dramatic and innovative economies and efficiencies in operation are effected.

5-Year Budget Pattern

Unit District 9 Budgets:
1965-66—\$8,099,785
1966-67—\$8,686,687, up 9.1%
1967-68—\$11,481,931, up 29%
1968-69—\$11,245,010, down 1.9%
1969-70 (without construction)—\$14,257,010, up 26% over 1968-69 and up 73% over 1965-66
1969-70 (with construction)—\$19,137,243, up 70% over 1968-69 and up 136% over 1965-66

In considering possible economies and efficiencies of operation, it is necessary that reference be made to the latest working agreement between Community Unit School District 9 and the American Federation of Teachers, Local 743.

While I sincerely believe that our present school board and those earlier school boards which have developed this agreement, have made every effort to do so in an intelligent, businesslike manner, it is apparent from the provisions of this agreement that much of the unit's management prerogative has been lost in the several past collective bargaining undertakings and the recent strike.

One of the most important forces for management in cost control is effective supervision. The salaries of all of the school principals, consultants and supervisors are scheduled on a percentage scale which uses the teachers' salary as a base.

While I do not question the loyalty of the principals and supervisors to Unit 9 management, as I know many of them personally, it is apparent that their ability to effect economy in operation must be hampered by this section of the bargaining agreement.

Further, numerous provisions in the agreement, require the superintendent and the principal of each school to clear almost all management decisions in advance with the union or building representative.

Reports Doubtful Legality

These provisions, which are of doubtful legality, not only ignore good management practice but completely ignore 22% of the teacher work force who

are not members of the union. Other provisions of the agreement severely limit the ability of Unit 9 management to direct the teacher work force to the job to be done.

Agreement has been given in Article 28 to a five-hour daily teaching schedule and half-hour additional duty.

Teachers may leave school property when not specifically performing this schedule, and virtually no after-school functions are required except with reference to the extracurricular pay schedule.

Agreement has been given to an annual attendance day work schedule of only 182 days out of the 365 available.

Further, due to a generous sick leave, emergency leave and personal leave schedule and the possibility that 1% of the teaching staff can be on substantial leaves at all times, the number of annual teaching hours per teacher is sharply reduced.

Teachers cannot be asked to "make up" the class of an absent teacher until a substitute arrives without a \$150 double-time penalty and no teacher, counselor or nurse can substitute for a principal in his or her absence.

The salary schedule provided for the 1969-70 in Article 42 provides a new bachelor of arts graduate with roughly \$700 a month on a nine-month schedule or \$600 a month on a 12-month schedule. The starting salary this year for a non-graduate with roughly \$500 and \$650 a month.

Years Pay for 9 Months
Thus, the salary schedule

provides a monthly starting rate which is the equivalent of 12 months' pay for nine months' work.

If my conclusion is correct that the teacher salary schedule has now been improved to a level of equivalency on a 12-month basis with private business and industry, certainly one efficiency and economy in operation to be considered by the board in the very near future should be the conversion of our school calendar to, a 12-month basis.

It is recognized that the current state reimbursement formula needs legislative amendment for such a 12-month calendar to be adopted, and this matter should be pressed at the next session of the legislature.

Without going into all the ramifications of a 12-month school schedule, it is clear that one of the major benefits would be a tremendous saving in new school construction costs. For, at least theoretically, a year-round school program divided into four quarterly periods with pupils required to attend only one quarter would have the effect of enabling the existing school buildings to serve one-third more enrollment.

Since a very large proportion of this year's budget is devoted to new school construction and the bond and interest fund required to retire the construction bonds, such a 12-month school calendar would most certainly work toward the stabilization of the present and future budgets.

Inflation Counted Twice

Further, with regard to the salary schedule, it is noted that the education fund in the 1968-69 budget has climbed from \$9,329,000 in 1968-69 to \$11,483,000. It is assumed that a substantial portion of this 23% increase is related to raising

the salary schedule to counteract the effects of inflation, it is also noted that the salary schedule and working agreement provides for a 15% cost-of-living increase for the 1969-70 schedule and a 50% increase for each one point advance in the cost-of-living index, for the 1970-71 schedule.

Besides a rough 50% increase built into the 1970-71 salary schedule and a possible additional maximum cost-of-living payment of \$200, it is noted that the agreement provides increases in annual salary of \$50 for each \$60,000 increase in state aid after the first \$60,000 which might result from any action of the legislature prior to the start of the 1970-71 school term.

The effect of this state aid provision, if carried in the future contracts, is to guarantee the teachers roughly one-half of all future state aid increases.

Thus, should an appeal be made to the legislature for greater support of local school budgets from state income tax in order to provide the individual and corporate local real and personal property tax payer some measure of relief, at least half of this relief has already been expended.

Work 8 Hours If Paid for It

In considering this budget and possible future economies, mention should at least be made of the teacher work schedule as related to class size.

In any economic operation with which I am familiar, when the cost of productive labor rises, attempts must be made to use that labor more efficiently or the cost of production and of the final product will automatically rise.

Such efficiencies in teaching may take the task of requiring

More About ... Year-Round School

Teachers' eight hours work for eight hours pay on a 12-month schedule, extending the maximum ability through the use of more non-professional aids, teaching machines and/or regulating class sizes to the maximum a teacher can efficiently instruct. While quality education requires that no class be allowed to grow in size beyond that which can be efficiently instructed, it is apparent from studies that the average class size in Unit 9 is far below that of the national average and as much as \$1,000,000 annually is available in tax saving through such adjustments.

\$500,000 Interest Earned

It has been noted from the budget that Unit 9's comptroller, Victor Anderson, has continued to improve the unit's financial management through proper investment of the unit's surplus operational and construction funds. During the past year, a total of \$74,324 was earned from the investment of idle operational funds. Interest revenue for the district during the period of July 1, 1963, through June 30, 1969, has totaled more than a half-

million dollars of which \$325,000 has come from the investment of operational funds and nearly \$200,000 from investment of bond issue funds.

While we note this financial management, it may well be that there are efficiencies and economies which could come from other areas of the unit's operational management.

Offers Plants' Assistance

To the extent that any suitable problem areas come to the board's attention, I pledge the assistance of the accounting, industrial engineering, systems, purchasing, etc., departments of the member industries of the taxpayers' group to provide in the future any assistance requested in maintaining or improving various operational efficiencies.

These comments are presented for a constructive purpose. I wish to stress the sincerity of members of the Taxpayers' Group toward continuing a high level of education for our area's children, but at the same time hopefully maintaining some reasonable stability of budgets, tax rates and the resulting tax dollar burdens on individual and corporate taxpayers.

Park Supt. Brown Is Rotary Speaker

Granite City Park district's program of activities for area residents of all ages was the topic of a talk given Tuesday by Harold Brown, superintendent of parks and recreation, at the noon luncheon meeting of the Granite City Rotary Club at the YMCA.

Brown outlined sporting activities throughout the year and the special trips made available to senior citizens, youngsters and others. He also reviewed the summer programs. Wayne Shelton introduced the guest speaker to the 40 members present.

Carl Mathias, president of the club presided and announced David Norton will be program chairman for next week's meeting. His guest will be a mid-western representative from American Red Cross whose topic will be disaster areas of "Camille."

Parkview School In Telecourse Programming

Parkview school Granite City is one of 25 schools in Missouri and Illinois that will be participating with Ketc programming of 60 in-school telecourses. Included are science, art, literature, reading, music, conservation, history, social studies, government, human relations, geography, enrichment, language readiness, language arts, speech development, phonics and current affairs.

Fifteen courses are being introduced this year; four of them locally produced at KETC, Channel 9. They are "That's What It's All About," a series with Patsy Wolf and puppet Dan D. Lion, designed to enrich the language readiness program; "Breakthrough," a series to help students at the intermediate level reach insights into such questions as honesty, prejudice and security, featuring hostess Connie Welch; "Events in Focus" using similar interviews to focus on past and present events.

About 85,000 teacher and student guides, a new record, have been requested from the station and David Panter, assistant director of Ketc's School Services department said, the agreements provide for orientation sessions and utilization workshops for teachers as well as programming for students.

Kiwanis Schedule Annual Peanut Sale Oct. 17-18

Norman Hall, who served as chairman for the Kiwanis Club booth at the United Fun Fair, submitted a report on the results of the two-day event during the club's meeting Monday night at the Rose Bowl. He said 16 members participated in the project and over 1900 tickets were sold from the booth.

Ed Moore, club president, presided over the business meeting and appointed Sam Stookey, chairman, and George Groves and Pete Jellen as committee members for the club's annual Peanut Sale on Friday and Saturday, Oct. 17-18. Proceeds from the sale are used for the Kiwanis youth program.

Moore announced the new lieutenant governor of the Kiwanis District, Homer Runge of Edwardsville, will attend the Oct. 6 meeting to serve as installing officer for the local organization's new officers for 1969-70.

A review of the past year events on slides was shown by Alvin Gross to conclude the meeting.

Venice Fire Causes Damage to House, Car

Fire of undetermined origin caused extensive damage to a one-story frame house at 1205 Logan street, Venice, early Tuesday morning. Firemen said they were unable to identify the owner of the property. They said they received the alarm at 12:15 a.m. and were at the scene nearly two hours.

Damage estimated at \$400 was caused to the interior of a 1962 model convertible auto owned by Eugene Sanders, 128 Roosevelt street, at 10:05 p.m. Monday, firemen reported. Cause of the fire was not learned. Venice firemen also were called to the west end of McKinley bridge at 2:30 p.m. Monday, but said the alarm, which involved only a small fire, was handled by St. Louis firemen.

Jazz at Tanglewood To be Presented Oct. 7

Jazz at Tanglewood will be aired Tuesday, Oct. 7, at 8 p.m. on Kets Channel 9. The Net Festival production will feature performances by folk singer Judy Collins and the Don Ellis orchestra at the Berkshire Festival at Tanglewood, Mass.

Judy Collins, a leader in the revival of the folk idiom, will accompany herself on the guitar as she sings "Chelsea Morning" and others. The Don Ellis group, which became famous after the Monterey Jazz Festival and has recorded several albums, will perform numbers such as "KC Blues."

The performances were part of "The Contemporary Trends Concerts," begun last year at Tanglewood, which has been summer home for the stately Boston Symphony Orchestra since 1932. Gunther Schuller, head of contemporary music activities there, said the concerts showed the Berkshire Music Center's awareness of new trends in cross-breeding so-called serious music with music of other cultures around the world that has been made possible by increased contacts through mass media's presentations.

Firms to Recruit SIU-SW Students

Representatives of 35 business and industrial firms, the federal government and the District of Columbia public school system will be recruiting future employees at Southern Illinois University-Southwestern campus during Oct. 2.

Among recruiters coming to the campus are representatives of:

- McDonnell-Douglas Corp., State Farm Insurance Co., Proctor and Gamble, Prudential Insurance Co., J. C. Penney, Mercantile Trust Co., Olin Corp., Arthur Anderson and Co., Illinois Central Railroad, Union Electric Co., Ernst and Ernst, Panhandle Eastern Pipe Line, Rubeen H. Donatley, Equitable Life Assurance Society, Montgomery Ward.
- Ralston Purina, Famous Barr Co., A. E. Staley Manufacturing Co., Northwestern Mutual Life Insurance Co., Mobile Oil Corp., Nooter Corp., the Shell Companies, Continental Illinois National Bank, International Business Machines, the U. S. Treasury Department, the Red Cross and the U. S. Civil Service Commission.

Students interested in making contact with any of these representatives may do so by registering with the University Placement Service in the general office building.

Tickets Available For Chamber Series

Free tickets for the Chamber Music at Sheldon concert series are available for a limited number of high school students under the auspices of the Metropolitan Educational Center in the Arts, St. Louis.

The first concert which students may attend will be at 8:30 p.m. Oct. 20 at the Sheldon Memorial building, 3646 Washington blvd., St. Louis.

The Parrenin Quartet, a string group from Western Europe, will perform Mozart's "Quartet in B Flat Major, K589," "Quartet in F Major" by Maurice Ravel.

The Sheldon series also includes performances by mixed chamber ensemble, I. S. Di Roma, on Nov. 17, and the Bartok Quartet on Jan. 19. The final concert, set for March 2, features the Gurney String Quartet. Free tickets may be obtained by calling the MECA office.

GCHS Press Box Dedication Set For Homecoming

Dedication of the newly completed press box located on the football field at Granite City high school will take place prior to the Homecoming game on Friday night, Oct. 10, it was announced this week by Emerald Dawes and Nick Petrillo, co-chairmen.

The construction of the press box was sponsored by the Granite City Boosters Club and was built at a cost of about \$4000 through the efforts of volunteer labor of the members of local construction trades.

Eugene Monahan is the 1969-70 president of the Boosters Club.

Also to participate in the dedication ceremonies will be a color guard from the Granite City Army Depot who will raise the flag. Tentative plans are to have local residents who have attended high school here and are now serving in the Army at the Depot serve as members of the color guard.

J. A. Center to Start New Season Next Week

The Junior Achievement center in Granite City will open its new season on Monday as 17 companies with about 450 achievers will organize next week.

Recruiting of students took place this week at Granite City high school, where most of the achievers attend, while students also have been recruited at Madison and Venice high schools.

The center, located at 3307 Wabash avenue, will be in operation from 7 to 9 p.m. four nights a week, Mondays through Thursdays, for a 30-week cycle. The achievers will elect officers, select products to manufacture and issue stock under the direction of advisors from local industries.

There will be 16 manufacturing companies and a bank, which this year is being sponsored by the First Granite City National Bank.

At the end of the 30-week season, the companies will disband and issue dividends on the stock sold, if any.

Participating industries providing advisors are General Steel Industries, American Steel Foundries, Dow Metal Products Co., Granite City Steel Co., A. O. Smith Corp. and the Union division of Miles Laboratories.

14,687 Enrolled at Illinois State U.

Final enrollment for the first semester at Illinois State University totals 14,687.

This fall's number is an increase of 1524 or 10.8% over the 13,163 enrolled in September, 1968.

An enrollment breakdown shows there are 13,016 undergraduate students as compared with 11,396 a year ago; 1671 graduate students, up from the 1451 of 1968, and 4648 total new students, as compared with 4444

Enrollment at Eastern Totals 7887, Up 9.8%

Fall, quarter enrollment at Eastern Illinois University is 7887, a 9.8% increase over last fall's 7181.

The graduate school enrollment is up 32.3%—704 compared to the 1968 figures of 532.

Included in the official figures released today, the breakdown shows 1602 students in the "first time in college" category, 401 transfers and 384 former students returning. The enrollment indicates 4092 women students and 3795 men.

Test Scoring Machine in Use At SIU-SW Campus

Thanks to the machine age, Southern Illinois University-Southwestern campus faculty members can receive help in test scoring.

The Counseling and Testing Center at the campus now has a test scoring machine which optically scans answer sheets and prints scores.

According to Miss Ruth Murray of the center, the machine can handle 1200 answer sheets in an hour. One day service is provided and sometimes, depending on the center's schedule, tests can be scored while the faculty member waits.

The instructor has to use special answer sheets, which can be marked with any kind of pencil. There is room for 150 questions with up to five alternative answers, or a true-false answer.

Last year, with an older, slower machine, the center scored 26,661 tests, an increase of 50% over the previous year's work.

Miss Murray says the machine is also available for graduate student research projects, limited only to the type of answer sheets compatible to the machine.

A card punch attachment to the test scoring machine will, in the near future, make it possible for the faculty member to know how his class did on individual questions.

African Art Exhibit Planned at SIU-SW

An exhibition of African art from the collection of Fisk University in Nashville goes on exhibit at Southern Illinois University-Southwestern campus Oct. 12, in the lobby of the Communications Building.

David Driskell, chairman of the Fisk art department, will speak on "African Art, Past and Present," at 1 p.m. on the opening day of the exhibit. A public reception to mark the show opening and honor Professor Driskell will be held from noon to 4 p.m.

The exhibit and Professor Driskell's lecture are sponsored by the art and design faculty of the Fine Arts Division at SIU-SW. The exhibit will hang from Oct. 12 to Nov. 2.

Enrolls at Blackburn

Steve Clifford Ferguson, son of Mr. and Mrs. Dale R. Ferguson, 2235 Bern avenue, is one of 174 new freshmen attending Blackburn College, Carlinville. Classes began Sept. 3 with 612 students enrolled. Ferguson, a graduate of Granite City high school, is majoring in chemistry.

MHS Clubs Organized,
Activities Under WayBy GAIL DANDRIDGE
and LINDA SOLES

The new school spirit at Madison high school is continuing and being strengthened by a chain of three football victories.

The cross country Trojan team are still streaking. The junior varsity football squad is gaining valuable game experience and the varsity eleven is rolling.

Triad will visit here at 7:30 p.m. tomorrow. It will be the last home game for the Trojans until Nov. 7 and the second conference game.

The first meeting of the Junior Red Cross has been held, with many new members welcomed into the club. Any interested persons who missed the first meeting may still join at any time.

Club members participated in the United Fund Fun Fair last weekend at Wilson Park by working in the American Red Cross booth.

Fill Ditty Bags
Many worthwhile projects are promoted by the Junior Red Cross. Recently members made and filled two dozen "ditty bags" to be distributed at Christmas time to servicemen overseas which, hopefully will make their Christmas a little brighter. Many projects and fun times are to come in the near future.

Officers for the year are Paula Broadway, president; Janet Severine, treasurer; and Pat Steiner, secretary. A vice-president is to be elected. Faculty sponsor is Mrs. Beverly Williamson.

The Latin club has organized and has planned a car wash for Saturday. New officers are Sharon Leleniewski, president; Janis Stewart, vice-president; Sharon Chapman, secretary; and Jon Gardner, treasurer.

The Pep club nominated officers last Thursday and will vote today.

Members of the Girls Athletic Association have been divided into teams and started their tournament Tuesday.

Student Council committees for the construction, dress code and elections have been meeting regularly. Progress reports will be given in home room meetings.

Area Student Earns
Scholarship Honors

Andrea Mehlich is among five seniors at St. Teresa Academy, East St. Louis, who received letters of commendation honoring them for their high performance on the 1969 National Merit Scholarship Qualifying Test.

They are among 39,000 students in the U.S. who scored in the upper two percent of those who are expected to graduate from high school in 1970. They rank just below the 15,000 semi-finalists announced last month.

Their names are referred to scholarship-granting agencies and to colleges they named as their first and second choices when they took the NMQST last February.

Biographies of new teachers are included in the school paper. The teachers and their subjects are:

Mrs. Dolores Folkerts, counseling; Paul Oakley, physical education; Thos. Franks, mathematics and science; Walter Warfield, world history and American history; and Daniel Kostenski, geography and citizenship.

Straka Cast in Play
Joe Straka of Granite City is cast in "The Stranger," an existential expression in chamber theater, to be presented by the theater arts department at Eastern Illinois University Friday, Saturday and Sunday. The playwright is Albert Camus.

Enlistment in Army
From Other Branches

Men and women who have been honorably separated from another branch of the Armed Forces now may reenlist into the U.S. Army without obtaining prior permission from the Enlistment Eligibility Activity at St. Louis, Sgt. Morris L. Cook, Army Recruiter at 1306 Niedringhaus avenue has announced.

Such reenlistments must occur within one year of the individual's separation from the Armed Forces in which he (or she) served previously.

The Department of the Army message stressed that the person so reenlisting must meet, without exception, the standards cited and must present a Department of Defense report of discharge or transfer which indicates an honorable discharge.

Applicants meeting such criteria will be reenlisted in the Army in one grade lower than the grade held upon separation from the previous service, but in no case higher than E-7, Sgt. Cook stated.

The new Department of the Army policy regarding such reenlistments became effective Aug. 25, Sgt. Cook continued.

Men and women who have had previous Armed Forces service and are interested in reenlisting may contact Sgt. Cook for further information.

Set for Oct. 8-9 with Coronation

GCHS Homecoming to Feature 'Laugh In'

"Laugh-In" is the title of the Granite City Homecoming production to be presented on Oct. 8 and 9 at 8 p.m. at the high school auditorium, directed by Richard King.

Advanced speech students, 168 in all, will take part in the two-night performances to be similar to the Rowan & Martin television "Laugh-In" show and is written by the same men who do the script for the television show.

The spirit of the show is fun, rapid-fire lines, brief outbursts, zany characters, visual gags and "an avalanche of madness which makes no sense but insures nonsense," King said.

Miss Nancy Sternberg will direct one of the musical numbers in the show and will serve as co-director of the show with King.

Tickets are now on sale at 75 cents from any of the advanced speech students, and reservations may be made in Room 102 at the high school. All seats must be reserved.

Immediately following the dramatic portion of the evening, the Homecoming Queen will be crowned and her court and escorts introduced.

Those nominated for queen, to be elected by the student body, are Kathy Arbeiter, Cheryl Brinkmeyer, Beverly Frazier, Janice James, Jaimee Louis, Pam Peters, Debbie Seebold, Nancy Sternberg, Becky Thomas and Lynette Ward.

GAA Members Attend Workshop at Eastern
The Girls Athletic Association of Granite City high school was represented by four senior girls at a workshop during the weekend at Eastern Illinois University, Charleston.

They are Linda Wetton, secretary; Connie Koester, treasurer; Ruth Noeth, all sports manager; and Lynn Jacobs-meyer, publicity manager. They were accompanied by Miss Mary Sue Rogers, GAA sponsor.

The girls left immediately after school Friday and spent the evening in Charleston enabling them to visit the campus. They attended the workshop on Saturday and returned home that evening.

Arrow Memphis
To Play at 'Y'

"Arrow Memphis" will make a return engagement at the YMCA Teen Town Saturday night. The group has attracted large crowds at their last several dates at the "Y".

"The Guild" will appear at Teen Town a week later on Oct. 11. Advance tickets for the Guild program are available at the "Y" at \$1.75. They will be \$2.25 at the door. Both dances will be held from 8:30 to 11:30 p.m.

Openings Remain in 'Y' Youth Bowling Program
Openings remain in the YMCA youth bowling program scheduled to start Friday, according to Chuck Hasse, youth director.

All boys and girls, ages 8 to 14, are invited to enroll in the program which will be held at 4:15 p.m. each Friday at the Tri-Mor Bowl.

The program will consist of five instructional lessons, to be followed by league play. The fee for the lessons will be \$1.50 for "Y" members and \$3 for non-members. Payment of the fee will make the youngsters eligible for league play.

Youngsters may either call the youth department at the "Y" to register or register on Friday at the bowling alley. Youth staff member Roger Miller will be on hand each week to assist the youngsters in the program.

Anti-War Demonstration
Planned at SIU-SW

Some disruption in class activity may develop at Southern Illinois University-Southwestern campus as a result of a scheduled demonstration Oct. 15 in favor of a moratorium on the Vietnam war, but the administration "expects to conduct classes as usual," according to a university spokesman.

The demonstration is part of a nation-wide protest on the war in which students are planning a one-day halt to work and classes. Beginning with the Oct. 15 protest, the plan calls for expanding the duration of protest by one day each month until the war ends.

This month's one-day moratorium is being planned by the Committee for International Concern, an anti-war group that has existed on the SIU-SW campus for several years.

The group has asked students not to attend classes and professors not to teach on Oct. 15 so that the war can be discussed.

Students who do not wish to cut classes are being requested to initiate discussions on the war in their classes and professors and instructors are asked to turn their class sessions into forums on the war.

The CIC also plans to set up a table in the University Center to distribute anti-war literature.

Reject Plea to Reopen Rail Tax Objection Cases

A legal effort to reopen the Madison county railroad tax objection cases in which the county lost more than \$1 million in protested taxes two years ago has been rejected by the Illinois Supreme Court.

The high court turned down a petition by Sherman Skolnick, Chicago legal researcher, which asked the court to reopen the tax objection cases on grounds that former Supreme Court Justices Ray L. Klingbiel and Roy J. Solisburg had business dealings with an official of the CB&O railroad during the period the cases were in the court.

R. W. Griffith, Madison county state's attorney who has been attempting to recover the tax objection monies, intervened in the case in Skolnick's behalf.

The CB&O and 11 other Madison county railroads were involved in the cases which went through the circuit and Supreme Courts for more than two years.

Reversed Ruling

The Madison county circuit court ruled in favor of the county but the ruling was reversed by the Supreme Court which held in favor of the railroad argument that their property had been over-assessed.

The high court reversal cost Madison county taxing districts more than \$1 million in protested taxes that were held in escrow during the hearings.

Justices Klingbiel and Solisburg both voted in favor of the railroads in the Supreme Court decisions. Skolnick later charged that there was a conflict of interest in the ruling because the two justices had dealings with the railroads.

Following denial of his petition, Skolnick said that he will make a renewed attempt to reopen the cases.

Federal, State Grants Of \$393,755 for SIU

Four federal grants totaling more than \$314,000 and two state grants of \$55,000 and \$24,755 have been received by the Rehabilitation Institute of Southern Illinois University for the coming year.

Largest of the federal grants is for \$198,000 to support the Rehabilitation Institute's teaching efforts in rehabilitation counseling and to provide traineeships for 50 graduate students in the field.

A grant of \$68,703 will be used in the Institute's program of training job counselors for the blind. Part of the funds will enable 50 professionals now working in agencies for the blind to come to the campus for intensive five-week courses designed to upgrade their skills.

The Institute's training program for counselors for the mentally retarded has received a grant of \$29,335, part of which is earmarked for traineeships for six graduate students.

These three grants are from the Rehabilitation Services Administration of the U. S. Department of Health, Education and Welfare. The fourth federal grant, from the Division of Social and Rehabilitation Services of HEW, is for \$20,000. It will be used to support professional staffing at the Institute's Employment Training Center located in the Orville area east of Carbondale.

A state grant of \$24,775 from the Illinois Department of Mental Health will be used in the behavior modification program in which 30 graduate students are participating. A larger grant of \$55,000, also from the Illinois Department of Mental Health, is to provide partial support for the Employment Training Center's training programs for the mentally retarded and physically handicapped.

M/Sgt. William Smith

Honored at Lockland AFB

Air Force M/Sgt. William E. Smith, son of Mr. and Mrs. William J. Smith of 2544 Jerden avenue, and husband of the former Jill Gardner, has been named Outstanding Non-Commissioned Officer of the quarter in his unit at Lockland AFB, Tex.

Sgt. Smith, a communications analysis supervisor, was selected for his leadership, exemplary conduct and duty performance. A graduate of Granite City high school, Sgt. Smith, attended the University of Maryland European Division.

CONGRATULATIONS are offered by Mayor Donald Partney (second from right) to Mrs. James Starr, 2724 National avenue, one of five persons selected to receive a free transoceanic telephone call to a serviceman in Vietnam. On hand for the selection were Stanley Noe, Jaycee president (left) and Glenn Sadler, project chairman.

State Universities' Plan Admissions Meets

Admissions officers from most senior universities in Illinois will meet with downstate high school guidance counselors in conferences Oct. 7-8 at Southern Illinois University's Carbondale and Western campuses.

The meetings will be the fourth and fifth in a statewide series designed to acquaint high school counselors with academic programs, admissions standards and other vital information on Illinois universities.

Ralph Lundgren, assistant director of research for the Illinois Board of Higher Education, will be a luncheon speaker at both meetings—Oct. 7 at Carbondale and the following day at Western campus.

The sessions are scheduled to run from 9 a.m. to 3 p.m. at the University Centers on the two campuses.

Junior college representatives also have been invited to attend, to discuss junior to senior institutions transfer problems.

Represented at the meetings will be officers from Western Illinois University, Northern Illinois University, Illinois State University, Eastern Illinois University, the Champaign-Urbana campus of the University of Illinois, and the Carbondale and southwestern campuses of SIU.

JCs Announce Winners Of Overseas Phone Calls

The families of five local servicemen in Vietnam will soon enjoy hearing the voices of their loved ones via transoceanic telephone, an opportunity made possible through the generosity of the Granite City Jaycees.

Stanley Noe, GC Jaycee president, and Glenn Sadler, project chairman, announced this week the winners in a servicemen's registration contest, conducted by the young men's service club during the Tri-Cities United Fund "Fun Fair" event.

Eighty-one families with sons, husbands, fathers, brothers, a grandchild or fiancée currently serving in Vietnam took part in the contest, which ended with five winning names selected at random by Mayor Donald Partney.

All but one of the winners heard the good news from the Jaycee chairman immediately. One registrant was present at the Wilson Park ice pavilion at the time.

Mrs. Joanne Boyd, 4221 Mari-gold drive, still was unaware that her name had been selected when contacted by the Press-Record Monday. "I just can't believe," she exclaimed, "I never win anything."

Mrs. Boyd's husband, Army Sp4 John David Boyd, 21, has been on duty at Landing Zone Nancy in Vietnam since his arrival overseas on May 26. The couple has a two-year-old daughter, Sherri.

Mrs. James (Karen) Starr was attending the "Fun Fair" when her name was chosen. She had entered the contest for her mother-in-law, Mrs. Eva Starr, 2343 Edison avenue, whose son, Marine S/Sgt. Billy Dean Starr, 34, is stationed in Vietnam with the Post Office Division, U.S. Marine Corps Air Wing.

Sgt. Starr was assigned to Vietnam last November and is expected to be rotated home around Thanksgiving time. His mother said, "A 13-year Marine Corps veteran, the serviceman's wife, Doreen, and his three children, Marsha Ann, Randall Dean and Rodney Wayne, reside in Salem, Ill."

Mrs. Eva Starr has four other sons and a daughter, Terrie, who was a volunteer worker in the Coordinated Youth Services booth at the Fun Fair festival last weekend.

Other winners in the contest were Mrs. Ruth T. Stover, 3018 Ramona drive, whose son, Chaplain Lt. Col. Earl Stover, has been serving in Vietnam with a U.S. Army Advisory Team since March.

Mrs. Dorothy Gregory, 2800 Dale avenue, the mother of Marine Lt. Col. William Gregory, 18, who has been based in the northern sector of Vietnam, near DaNang, the past five months.

Mrs. Charles Moerlein, 1316 Edwardsville road, whose son, Air Force Sgt. David Moerlein, is currently stationed at Tan Son Nhut Air Base, near Saigon. A veteran of 4½ years Air Force service, the sergeant has served the past 18 months in Vietnam.

Each of the winners can arrange the telephone call at a time to themselves and the servicemen, Noe explained, with the Jaycees paying the cost of the call.

VA Aids Vets with Limited Education and Income

The Veterans Administration today pointed out that certain veterans benefits offer a special opportunity to an ex-GI with limited education and income. Former servicemen can complete high school under the GI bill and still go on to college or a trade school as a student full-time at \$100 a month, the VA said.

While these educational benefits apply to all qualified veterans who served after Jan. 31, 1955, a Vietnam era veteran who has less than one year of training beyond high school can supplement this GI check by getting a "transitional appointment" to work for the Federal government while attending school.

While the veteran getting a "transitional appointment" may not have to compete with others for a job, he must have the qualifications required and must agree to complete one full year of education or training leading to a high school diploma or its equivalent.

Veterans who do not want further education or training are eligible for assistance in finding a job at Veterans Assistance Centers in 21 large cities, as well as by VA offices scattered throughout the nation.

VA's pension system is based on income, and if otherwise qualified, veterans without dependent income are eligible for their annual income is no more than \$2000 a year. Veterans with dependents may be eligible if their income is no more than \$3200. Payments range from \$29 to \$130 a month.

Medical Care

The VA also reminded veterans that procedures have been established to speed up medical care for Vietnam veterans. Those who develop medical problems within six months of their release are to be treated immediately when medical need is demonstrated without waiting until the veteran establishes that his ailment is service-connected.

Qualified war veterans are eligible for treatment at VA hospitals for ailments not related to military service, if they are unable to pay the cost of private care.

In recent years the VA has reversed its traditional policy of waiting until the individual veteran comes for assistance, and now actively seeks out new veterans to inform them of available benefits. Letters individualized by computer are sent to all servicemen upon discharge and local VA offices follow up with phone calls and in some instances with personal visits.

Bi-State Plans 5-Year Program Of Improvements

Location of a Bi-State Transit System parking lot at Broadway and McKinley streets in Venice as one of six such Illinois area sites to expand the system's Park-and-Ride service is among proposals of a \$38-million Bi-State improvement program approved by the East-West Gateway Coordinating Council.

The Park-and-ride phase of the program is planned for persons who do not like to take their cars into downtown St. Louis. Bi-State would lease the parking sites and let its customers park without charge while using bus service to and from St. Louis.

Other proposed parking lot locations are in East St. Louis, at both race tracks and at International Raceway Park on Route 203 south of Madison.

The Bi-State system's improvement program is designed over a five-year period and would provide three new express routes in the Illinois area, one serving O'Fallon, another serving Edwardsville and an other for Alton. The present express route in Belleville also would be extended.

While the agency fixed its own price tag on the improvement, at \$38 million, a subcommittee to help start new bus routes and operating expenses also is needed, officials said.

Parents and Teachers Roundtable Planned

Mrs. Allen Jesse, district assistant of legislation and Mrs. Robert Polley, district assistant of leadership training, both from Granite City, will take part in the roundtable discussions at the 34th annual Conference of Illinois Congress of Parents and Teachers District 29 to be held Tuesday, Oct. 7, at the Alton senior high school cafeteria.

Mrs. Thomas Holland, director of District 29 will be in charge. Registration begins at 4 p.m. followed by call to order at 4:30. A series of roundtable discussions will begin at 5 p.m. with dinner at 6:15. Roundtable discussions are to be repeated at 8 p.m. and a 9:45 adjournment is scheduled.

The theme for this year's conference is "PTA The Same Old Way" and leading the evening symposium will be Mrs. V. J. Brazier, president of ICPT and Mrs. Gordon Heister ICPT Membership chairman.

press route in Belleville also would be extended.

While the agency fixed its own price tag on the improvement, at \$38 million, a subcommittee to help start new bus routes and operating expenses also is needed, officials said.

A lot of cars cost more.

But few if any are really that much more car.

Which explains why more and more of the smart money is coming to Caprice.

Look what you get:

A big substantial 18-foot-long prestige car with a new 350-cubic-inch V8 engine, power disc brakes, Astro Ventilation, wheel covers, deep twist carpeting, posh appointments.

A remarkably roomy car, with a ride so smooth and silent

you'll feel like Mr. Big himself. Tell you what, though.

If you absolutely insist on a more expensive car, we won't stand in your way.

Go ahead and order air conditioning. Order stereo. Order tinted glass, power windows, 6-way power seat, our new Headlight Delay system.

Your Chevrolet dealer will happily help. See him real soon.

Putting you first, keeps us first.

On the move.

750 Boy Scouts To Open Council Camporee Friday

Boy Scouts totaling 750 are expected to attend the Cahokia Mound Council's Fall Camporee at the Cahokia Mound State Park on Friday through Sunday.

Drawing from the scout oath, "to keep myself physically fit," the theme of the camporee is "Physical Fitness." Chairman John Pekarik, 2609 Adams street, reports,

Pekarik said that each of the 70 troops attending will set up its own camp for the two nights of the camporee.

The patrols will participate in competitive activities, including an obstacle course race, tug-of-war and sack race.

A council campfire Saturday night will be conducted by Mr. Robert Cheney of Collinsville. The campfire will include skits, songs and recognition of winning patrols.

First, second or third place ribbons will be awarded to each patrol. Each scout who attends will receive a camporee patch to wear on his uniform.

Religious services for scouts and leaders of Protestant and Catholic faiths will be held early Sunday morning.

Visitors and parents are welcome to attend the camporee, and the campfire, it was announced.

Pope County Deer Festival Set Nov. 20

Nov. 20th is a red letter day for James City of Boy Scouts as indeed it is for most of his Pope County neighbors.

It's the day he starts barbequing up to five tons of pork shoulders, an operation that will continue around the clock until the following night.

It's the opening shot of the annual Pope County Deer Festival, a combination folk blast and hunting ride that will draw perhaps 12,000 visitors to the Golconda area over the ensuing four days.

The real shooting begins Nov. 21, opening round of the Illinois' split deer hunting season (the second three-day shooting period is Dec. 12-14).

Area Town Officials To Attend State Meet

Supervisors and other town officials of the Quad-City area plan to attend sessions of the 60th annual convention of Town-ship Officials of Illinois which will be held in Peoria Oct. 26 through 28.

Gov. Richard B. Ogilvie and Lt. Gov. Paul Simon will be featured speakers, with Ogilvie appearing Oct. 28 and Simon appearing Oct. 27 to discuss administrative and legislative relationships between the state and the 143 townships within the state.

The convention will be convened by the president, Joe W. Burgett of Vermont at 9:30 a.m. on Oct. 27. The address of welcome by Mayor E. Michael O'Brien of Peoria will be followed by the keynote address delivered by State Rep. Don A. Moore of Midlothian, Ill.

The Oct. 27 and 28 sessions will include seminars for town supervisors, auditors, assessors, clerks, collectors and highway commissioners. Speakers scheduled at these sessions include State Sens. Earl Berning of Decatur and John J. Lanigan of Chicago; Maurice W. Scott, executive vice-president of the Taxpayers Federation of Illinois; and Mayor Dominic A. Kirane of Belvidere.

The organization expects to host more than 1000 delegates.

The Residential Division will be headed by Howard Kaseberg; United Fun Fair—Howard Kaseberg and Norman Hall; Clubs and Organizations—Mrs. Ruth Huxel; Mitchell and Rural—Mrs. Ivan Relleke; Society of Retired Members—John Zabel.

Republicans Bid for Smith Vacancy as House Speaker

Selection of a new speaker of the Illinois House, a post vacated by Gov. Ogilvie's mid-September appointment of Ralph T. Smith (R-Alton) as U. S. Senator, is slated in a meeting of Republican House members at Springfield Oct. 13, the day before the General Assembly convenes for its fall session, it was reported Tuesday.

When Smith was elevated to the U. S. Senatorial post to succeed the late Everett M. Dirksen, who died Sept. 7, Smith named State Rep. Jack E. Walker of Lansing as acting speaker. Walker at the time was the GOP House majority leader.

Walker, however, is a candidate for state senator in the eighth senatorial district, which is in southern Cook county, and is reported to be leaving the speaker's spot during next April's legislative session would be too time consuming.

Thus a number of candidates are bidding for the speaker's post, either for the current session or the 77th General Assembly, including Rep. Ray E. Anderson of Galesburg, Republican whip, and Rep. William D. Walsh, LaGrange Park, now an assistant majority leader. If Walker is named speaker for the October session and the one next April, both these men would remain in their present posts.

Rep. C. L. McCormick, Vienna, has announced he is seeking the speakership and has sent telegrams to House members announcing his candidacy. McCormick also is seeking the post for both the October session as well as the session next April.

In a letter to House members, Walker has said an official notice of the meeting to select a speaker will be sent out by Republican State Chairman Victor L. Smith of Robinson.

Assuming the Republicans keep control of the House in next year's elections, a number of candidates are expected to be after the speaker's post with Anderson and Walsh as foremost runners. Rep. Arthur Teicher, who handled some of Ogilvie's legislation for Chicago, also has been mentioned as a candidate, as has Walsh's younger brother, Rep. Richard A. Walsh of Oak Park.

Meanwhile, the possibility of primary fights in both parties for the remaining four years of the U. S. Senator post to which Smith was appointed is stirring political circles statewide.

Democratic leaders reported Tuesday that Adlai Stevenson III, now state treasurer, has decided to seek the Democratic nomination in the 1970 primary election which, under a new election law amendment, will be much earlier than in the past. The state primary next year will be held in March.

Smith will serve in the senator post until next year's general

Promotion to Captain For Wm. Townsend III

Army officer William H. Townsend III, son of Mr. and Mrs. William Townsend Jr., of Alhambra, Ark., has been promoted to the rank of captain.

He received the insignia of new rank at Headquarters, U. S. Army Advisor Group, St. Louis. The captain and his wife, the former Stacy Suzanne Martin of Leesville, La., reside at 151 Kennedy drive, Granite City Army Depot.

Capt. Townsend, who earned the Bronze Star Medal for service in Vietnam, is currently assigned as an advisor to an Army Reserve maintenance battalion in St. Louis. He followed his return from overseas.

A native of Pine Bluff, Ark., the newly-promoted officer, earned the active Army as a second lieutenant in Sept. 1967. He earned his commission as an officer through the Army ROTC program upon graduation from Ouachita Baptist University with BS degree in 1967.

1st UF Report On Campaign Set for Oct. 8

The first meeting for United Fund Campaign Division Chairmen to report on pledges and collections in their specific areas will be at a noon luncheon meeting on Wednesday, Oct. 8 at the YMCA, according to David Norton, UF executive director.

Key men in the campaign organization will have as guests any of their workers who should receive special recognition for efforts in the drive for funds now in progress.

Another date for reporting has been set for Wednesday, Oct. 15, at the YMCA; and a recognition meeting is to be open to the public as well as workers, is scheduled for Oct. 29.

Tentative plans are under way for an afternoon meeting.

Pollution Problem Workshop Oct. 11

A workshop on Air, Water, Waste and Open Space is to be conducted from 1 to 5 p.m. Saturday, Oct. 11, by the Coalition for Environment in the museum building at Shaw's Garden in St. Louis.

The guest speaker, Roger P. Hansen, executive director of the Rocky Mountain Center on Environment in Denver, Colo., will outline methods of dealing with pollution problems, according to Prof. Alfred Kahn, of SIU-SW campus, who is president of the two state area coalition. Kahn said, "These methods could be used effectively here in the two-state metropolitan air quality region."

The workshop is being given free of charge for interested persons on both sides of the river. Other speakers will be Lewis Green on "Air Quality," Rev. James Mulligan on "Water Quality," Kevin Shea on "Pesticides and Other Chemicals," Harry Sheldon on "Solid Waste Disposal" and Mark Paddock on "Open Space."

Year-Round School Gives Teachers, Taxpayers a Break, Pupils Better Education and Job Opportunities

By GEORGE M. JENSEN

Chairman, National School Calendar Study Committee
Former President, Minneapolis Board of Education

Fifteen ways that year-round school makes sense:

1. Right at the start, year-round school boosts utilization of our multi-billion-dollar educational enterprise from 75% to 100%.
2. It reduces classroom and other plant needs by at least 20%.
3. It permits accelerated programs that actually cut time off the number of years a youngster spends in school.
4. It puts education into the 20th Century—the idea of closing the schools in summer was devised when Americans were farmers and youngsters were needed in June, July and August to help in the fields.
5. Most suggested plans, some of which already have been use-tested, release classroom space through streamlining, optional pupil attendance patterns, or through acceleration, or both.
6. This obviously reduces the need for new construction and lowers the pressure for additional taxes.
7. Less property has to be removed from the tax rolls to provide adequate space when new construction becomes necessary for the district.
8. Most plans invite a complete restructuring of the curriculum to make it more flexible, effective and relevant.
9. The re-evaluation of the total school program, as Atlanta is demonstrating, can result in far more effective use of our already established capacity to teach.
10. This is one of the most significant of the possible dividends to be expected from any year-round school plan.
11. Virtually all year-round plans make it possible, but not mandatory for ambitious, highly-motivated teachers—specialty men to be employed 12 months a year at commensurate higher salaries.
12. Therefore, of course, not as many full-time teachers will be required to staff any system. Result: fewer and, hopefully, better teachers, with the current teacher shortage diminished accordingly.
13. The absence of the father from thousands of "inner city" families has created a need, more crucial than ever, for more male teachers to lead in primary and secondary schools.
14. It can be met by offering men teachers the full-time employment at full-time salaries, possible with the year-round school plan.
15. Flexibility in the teacher contract—permitting teaching loads of one quarter, two quarters, three quarters, four quarters (in any of the quarter systems) — can hardly help

Mushrooming School Costs Too Big a Burden; Ways to Economize Are Available Immediately

Because Granite City school spending has expanded to an astounding degree, it is no surprise that there was more discussion at this week's annual budget hearing than at any in memory. Annual living costs here are up 57%, but the total property tax rate has soared 196%, assessments 240% and school tax dollars 900%.

What was said bears out a fast-spreading belief that greater economy must be achieved. It cannot be merely a theoretical objective; school costs are a tangible problem that need to be dealt with as seriously and persistently as the teacher strike was dealt with this fall. The strike pressure is off, but the issues it brought into focus continue; they can be ignored only at great peril to future governmental quality and stability.

School spending is a real and urgent problem for the simple reason that it has become almost too heavy to be borne. Those with limited income, such as the elderly, have been dealt a severe financial squeeze. So have thousands of other local families. So have many of the industries, which would have to maintain a substantial profit percentage to keep pace with the property tax rate and in some cases are not even breaking even in their operations.

Far from being wealthy in comparison with other school systems, Granite City ranks only 316th among the state's 392 community unit school districts in assessed valuation per capita. It was brought out at the public hearing, which has been held since the 1969 salary bargaining, Granite City ranks only 316th among the state's 392 community unit school districts in assessed valuation per capita. It was brought out at the public hearing, which has been held since the 1969 salary bargaining, Granite City ranks only 316th among the state's 392 community unit school districts in assessed valuation per capita.

Because such conditions are found in varying degrees elsewhere, there has been a move toward shifting some of the load to the state.

Major Voice in Determining Party Policy for Ralph Tyler Smith, Newest and Fastest-Moving U. S. Senator

(Illinois Republican Trunk Line)

On Sept. 18, Ralph Tyler Smith took the oath of office as the 26th U. S. Senator from Illinois since the Civil War.

Only the day before, the veteran state legislator had been appointed and sworn in as the new senator of the state. He was elected to the Senate in 1958, and he had been the Speaker of the Illinois House of Representatives.

In his three years as Speaker, Smith earned a reputation for fairness and aggressiveness. He was a close friend of the late Governor Richard Ogilvie. Until then, he had been the Speaker of the Illinois House of Representatives.

His handsomeness, his wit, his particularly effective presiding officer, always able to maintain order and a businesslike air despite the tension of the moment or the lateness of the hour.

The man he replaces as senator, the late and unforgettable Everett McKinley Dirksen, was matchless as a public speaker, but one top Republican missed on hearing of Smith's appointment that the governor had chosen the one available man whose speaking style was

worthy of comparison to Dirksen. Veterans of the 1958 campaign recall that the new senator of the state was elected to the Senate in 1958, and he had been the Speaker of the Illinois House of Representatives.

The first big political rally for the new senator will be a "Thank You" affair for the Kane county GOP Oct. 11 in Geneva.

John Kolbe, now assistant press secretary to Gov. Ogilvie, traveled with Smith on one tour during the 1958 campaign. "I think we must have hit every little town in eastern and southern Illinois," Kolbe says.

"He was at his best in face-to-face campaigning. It was obvious from the way he talked and listened that he really cared about the people he met."

It was quite a success, and both of us will share in a reward of money that is needed to keep up our good work. This is America at work and at play, since everyone seemed to enjoy the day so much.

Thanks to the news and editorial space given to help our needy youngsters get the much needed care.

government, particularly in view of the fact that Illinois has a major new revenue source, the income tax. Unfortunately, what may actually occur is not a shifting of the burden but heavier weight on both shoulders the local taxes paid locally and the state taxes paid locally.

What can be done?

1. Immediate action can be given to the average class, boosting it in the direction of the U. S. average. With yearly staff turnover exceeding 100, it should be possible to adjust teaching assignments and reduce the faculty without resorting to extensive layoffs.

Immediate steps can be taken to secure organizational and legislative support for law changes which would enable greater flexibility in the scheduling of instruction without pointless state-imposed financial penalties. Year-round programs are working well at SIU-SW, many other universities and the Atlanta public schools; they deserve much wider utilization.

3. Immediate action can be taken to utilize "master teachers" to increase school "productivity" through use of large meeting rooms or closed-circuit television. If assistants are added with the idea of cutting rather than raising pay, delegating peripheral duties to employees not paid at the same level as teachers, significant economies are possible.

Many other potential steps, such as use of teaching machines, increased coordination with educational television stations on evenings in the length and frequency of classes, changes in the school day and extension of the school term, also offer potential improvements and savings. Concrete action to achieve the best possible school program at a price that can be met is so important that it should be accorded top priority by all school officials and citizens. It merits a prominent place on every agenda—not only for discussion, but action.

Fair Has Given United Fund a Good Start; Equal Enthusiasm Needed During the Drive

The United Fund Fair, inaugurating the new United Fund campaign, was one of the finest events in local history. Hundreds helped operate the booths and ticket windows, and many thousands attended and joined in the activities. Both those giving the fair and those receiving it had a lot of fun—and saved considerable revenue for the U.F. drive.

Just as the 19 U.F. agencies render full value in their day-to-day programs throughout the year, they and the other organizations naming the booths and ticket windows, and many thousands attended and joined in the activities. Both those giving the fair and those receiving it had a lot of fun—and saved considerable revenue for the U.F. drive.

The big task of the United Fund remains ahead and the goal can only be reached if all pitch in with equal unselfishness and contribute a "fair share" pledge.

Everywhere lives or works or shops or plays in the Quad-Cities benefits in some way—usually in many ways—by the existence of the member agencies. Because this is true, it is vital that everyone participate in the voluntary campaign—just as everyone has been asked to give even bigger to do what the 19 United Fund groups have been doing effectively and efficiently.

Two Senior Universities Planned

(Tri-City and Illinois Bar Associations)

Illinois added something new to the state's program for higher education when the legislature passed bills authorizing two senior universities — the first in the state and among the few of their kind in the nation.

A senior university is a unique concept in higher education. Unlike other academic institutions, it offers only courses for college junior and senior students plus graduate work through the master's degree.

The schools will complement the state's growing network of 10 colleges and universities and 35 junior colleges.

One senior university, Sangamon State, will be established in Springfield. The second, designated as Governors State, will be built in Muncie township, Will county.

The law places Governors State University under the direction of the Board of Governors of State Colleges and Universities.

Sangamon State University will be operated and controlled by the Board of Regents of Regent Universities.

In addition, there are 10 other colleges and universities governed by the Illinois Board of Higher Education. They include: Chicago State College, Chicago; Northeastern Illinois University, Chicago; Western Illinois University, Macomb; Northern Illinois University, DeKalb; Eastern Illinois University, Charleston; Illinois State Normal University, Normal; Southern Illinois University, Carbondale; SIU-South-

Auto Thefts Now the Costliest Of All Crimes Against Property

By WILLIAM J. DAVIS

Manager, Western Division, National Automobile Theft Bureau

Fuzzy-faced teenagers to face more than a billion cars, worth more than a billion dollars, being stolen this year.

We must quit piecemeal approach to solving the auto theft dilemma.

There is no question that if we are to accomplish what we must have full, concerted participation by those principally involved in the auto theft battle—police, the insurance industry, courts, auto manufacturers and the public.

Subjects deserving emphasis include: the role of manufacturers' roles in preventing auto theft, a joint prevention program, and the insurance industry involvement in the problems of auto theft.

The conference was conducted by the University of Illinois at Urbana-Champaign, in cooperation with the National Automobile Theft Bureau and the National Association of Auto Theft Investigators.

FATE OF WORLD HUNGES ON SKILL OF TEACHERS

To the Editor:

"I said, 'A grateful thought is a perfect prayer.'"

With all due respect to my parents, who have sheltered me during my childhood, I can't forget the important roles teachers played in the molding of my life.

They not only helped me to discover the myriad wonders in God's beautiful world, they inspired me to understand and appreciate them.

One cannot measure such service in dollars and cents; I only shudder to think how barren my life would have been without their timely patience, guidance and instruction.

So, humbly and sincerely, I say, "God bless all of you dear, wonderful teachers everywhere. The hope of the future, the making of a better world, yes, even its ultimate survival—may depend on how successful teachers are in reaching and teaching the younger generation."

God grant that, thus inspired, those fortunate students of today will attain a true sense of values, so that they may continue to respect, cherish and preserve the "beautiful in life" for generations to come.

MANY IMPROVEMENTS

To the Editor:

The Parents Committee for Special Education is in its second year of working toward quality in our special education program.

Parents of special children are invited to attend our meetings, share ideas, reflect problems and join with us in work-

ing toward a better future for the children.

Without such interest, this will be impossible.

We urge parents to make every effort to open their heart to all of our children.

With parents' interest channeled in the proper direction, many accomplishments have been taken place. We have found the members of the school board open to suggestions and cooperative in improving the special education program.

We appreciate the following improvements made by the administration and the members of the school board:

A supervisor will be hired to coordinate the curriculum.

The teachers will have staff meetings once a month with the supervisor.

A speech therapist has been hired to work with children in special education.

A physical education teacher has been hired to work with children in special education.

Psychological tests from the Mental Health, SIU, or Children's Hospital or any other reputable psychologist will be accepted upon approval of the test by the school psychologist.

In the two new schools to be built, there will be four classrooms designed especially for special education.

There is to be a steel structured building put up at Lake school this year to house special education.

A multiple-handicap pupil classroom has been opened at Central Christian Church until the steel structured building is completed.

We feel that with the continued support of the Parents Committee, much more can be accomplished to help the children in special education. Our meetings are planned for

New Directory Data Canvass Launched Here

Through the dynamics of the American people—their movement within metropolitan centers—R. L. Polk & Co. announces the launching of its new directory. Starting this week, Polk canvassers will begin gathering up-to-date information about the residents of the city. Such directories have been called a history of people, charting the progress of a community through the years. The Polk team has been publishing directories since 1870 and now publishes several hundred in the U.S. They consider themselves historians and pride themselves on accuracy and completeness.

"Of course, the Quad-City directory serves many purposes for local residents," comments Mrs. Vardell Hanks. Based at 1253 Niedringhaus avenue, she is directing the current canvass. "But in the long run, history is always the most important, because of history, accuracy is essential and we, therefore, attempt to gather all information through personal interviews. Sometimes in the future, perhaps 100 years from now, a single fact in the city directory could have lasting historical significance."

As an illustration, Mrs. Hanks told the story of an enterprising newspaper editor who used the directory to trace back the birthplace of President Eisenhower. Eisenhower entered West Point in 1911 he gave Tyler, Tex., as his place of birth. His family had lived there for a time before moving to Abilene, Kan. The publisher of the Denison, Tex., newspaper researched the family and discovered that they actually had roots in Denison. From a copy of the Denison city directory of 1890, he found that a David J. Eisenhower, a railroad employee, had lived on the northeast corner of an intersection in town. David Eisenhower was the former president's father. The excited newspaperman rushed to the area and found that the original house, built in 1883, was still standing. Thus, America has one more historic site, the birthplace of a president.

Verification Requests "Each week we receive many requests to validate places of birth, locate missing relatives and verify residences for citizenship requirements," Mrs. Hanks said. "The directory is a true record of a town and community."

The local directory also is used for many immediate needs. For those who are listed, it is a personal reference; it aids in everything from cashing a check in a department store to applying for a job. For city officials, the Polk directory is used to check population trends, social problems and their spread, and public transportation requirements. Businessmen use the city directory for selling and buying, and newspapers use it as a source of basic research. "And certainly, the courts and lawyers employ it in locating missing heirs to estates; families, in getting up reunions; credit managers, in reaching credit decisions; and thousands and thousands of individuals in relocating relatives and friends," Mrs. Hanks said.

"Scorekeepers for Progress" As a byproduct of the directory, she pointed out, surprising facts are discovered. "Did you know, for example, that the most popular name for an American street is actually 'Second street'?"

"The second most popular name is 'Park' and 'Third' follows as the third most used name. 'First street' only ranks seventh."

Information like the names of streets is interesting, but the stress is always on people. "In today's extremely mobile world, it's important for someone to chart all the movement. That's our job," Mrs. Hanks noted. "For the most part, movement is positive and in the right direction. Each year when we come back to update the previous year's directory, we see definite signs of progress."

"In fact, I think we have become scorekeepers for progress."

Funds Released For Park Drainage Ditch

A fund of \$14,250 which will be used by the East Side Levee and Sanitary district and the Illinois Department of Conservation to dredge a connecting drainage ditch between Lakes 2 and 3 at Frank Holten State Park in East St. Louis to relieve a flooding condition, has been released by Gov. Ogilvie at Springfield. The rehabilitated channel will have a bottom width of 15 feet when it is completed. The excavated material will be placed adjacent to the channel to help contain the high water. The work is expected to be difficult because the area is low and is covered with dense underbrush and small trees.

County TB Society Christmas Seal Drive Needs Aid

The Tuberculosis Christmas Seal campaign will begin on Nov. 10, and the Madison County Tuberculosis Association is seeking volunteers to help with the 1959 Christmas Seal mail. Prior to the November date, Christmas Seal letters must be prepared for mailing to families throughout Madison county. Individuals and organized groups interested in volunteering their services may contract the association at 7 South Wood River avenue, Wood River, or phone 254-8925. Association president William H. Dorsey of Moro, said today, "It is still a threat to the health of all citizens of Madison county. Thirteen new cases were reported in the county the first 3 weeks of this year, and 329 cases in Illinois. Five of the Madison county cases, according to Dorsey, were detected as a result of mobile unit chest x-rays."

An Open Letter To the General Public (Warning)

"YOU MAY BE BREAKING THE LAW"

Persistent reports have been reaching us that a number of innocent people are literally being "used" by the "FAST BUCK" boys and other unscrupulous real estate operators, to help them "BREAK THE LAW" of the State of Illinois. Laws governing the "PRACTICE OF REAL ESTATE."

These good people are being asked, or bribed to act, as agents for the solicitation of the Real Estate Business from other members of the general public. They are promised big rewards such as Cash, Gifts, Prizes and in some cases a "FREE TRIP TO FLORIDA." These unlawful, unlicensed agents are called (as one report states), Spotters, Bird Dogs, Tipsters and just plain "SUCKERS."

("WARNING, don't be a 'SUCKER.'") Any unlicensed member of the general public, who accepts any form of remuneration from a licensed real estate operator (for the sale or trade of real estate), is aiding and abetting said operator to be in strict violation of the Real Estate License Laws. Such agents may be subpoenaed as a witness before a Court of Inquiry or Special Agents Investigation, Department of Registration & Education, Springfield, Illinois. Final result — humiliation, embarrassment for the unlicensed agent, possible Revocation of the Real Estate License (and out of business for the real estate operator).

As in any profession there are those who labor long and hard to keep their business clean and honest, and there are those who will stoop to any level to make a "FAST DOLLAR" at the expense of the public.

There is no question that doing business with a "REALTOR" always the safest policy. A trusted name for more than 50 years.

Says Four-Day Week Possible In Four Years

The Granite City subdistrict of the United Steelworkers of America will play an active part in an all-out labor campaign for a four-day week when the proper circumstances for such a program develop. It was pointed out Tuesday after the steelworkers' union president L. W. Abel said the "four-day week will be necessary soon to meet the threat of automation."

Lloyd McBride, district USWA director, said that "we have felt for some time that as soon as the war is behind us, we are going to need this (four-day week) to meet an employment problem."

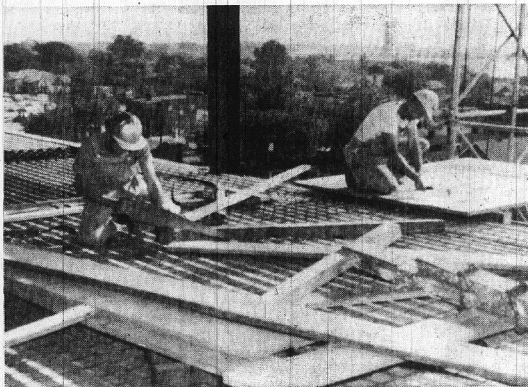

McBride noted, however, that the only logical time to accomplish such an objective "will be when we are not involved in a war and when our contracts are in a state of negotiation."

Abel, speaking at a convention of the AFL-CIO's Industrial Union Department at Atlantic City, N. J., declared that automation will soon threaten the jobs of millions of Americans. He said industry already is replacing the know-how of assembly-line workers with computers and the next economic downturn could permanently eliminate jobs on a massive scale.

Possible in 4 Years
If the labor party gives it top priority, it can win the shorter work week in four years with no cut in pay by bargaining with industry and lobbying in Congress, Abel told the convention.

He said industry throughout the nation has been modeling at a fantastic rate but strong economic demands have caused industry to keep acquiring less efficient equipment at the same time.

But, he added, the next economic recession would have a far greater impact on the workers than ever before in history.

Home Wine Makers Must Register

To home wine makers, the Internal Revenue Service offers a reminder that heads of families may produce—tax free—up to 200 gallons of wine for use of their immediate families only if they comply with the Federal statute requiring prior production of their intent to produce wine. The Alcohol, Tobacco and Firearms Division of the IRS is charged with policing this federal law.

Registration forms for this purpose, for prospective family-use wine makers in the State of Illinois, may be obtained from the Office of the Chief Inspector, Alcohol, Tobacco and Firearms, Room 1784, 35 East Wacker Drive, Chicago, Illinois 60601. Properly completed forms must be submitted in duplicate to the above office at least five days before the production of wine is begun. Further information may be obtained by calling 312-333-5792.

If qualified, the home wine maker gets back one copy of the form as authorization to produce not more than 200 gallons of wine during the 12-month period from July 1 through June 30. A new registration form must be filed for each year the home producer wishes to make wine.

The exemption given under Federal law for the production of tax-free wine is solely for family use; it does not apply to an unmarried person unless he qualifies as head of a family, or a married man living apart from his family. Production of wine by corporations or partnerships for commercial purposes is not covered by this exemption.

Each year a number of persons who have made wine for family use and who did not register their intention are taxed the regular rate for such wine. In addition they have been liable for criminal prosecution.

Illinois GOP Charges Daley-Stevenson Deal

The official State Republican magazine, "Trunk Line," has blasted State Treasurer Adlai Stevenson III, Chicago Mayor Richard Daley and other Democrats for "cynicism and hypocrisy" in an "extra" edition devoted to new U.S. Senator Ralph T. Smith, a native Grant County man.

The special edition, issued Tuesday from party headquarters in Springfield, contained an article charging Daley and Stevenson with making a deal for the Democratic nomination to run against Smith next year. The article called on Stevenson to choose between his "independence and idealism" and the Chicago political machine.

"The people of Illinois are not going to allow him to play both ends," the text continued. "If Stevenson really means all that talk about independence, idealism, and new politics, then let him break now with the mayor, and do it publicly. Let him tell Daley that he intends to run without the machine's support."

"Or if he chooses the machine, if he chooses to be a well-paid seer, on Hizzoner's estate, then let him renounce all the high talk and run as what he is."

Homecoming Plans Told At Eastern Illinois U.

Homecoming week at Eastern Illinois University will be climaxed by a parade, football game with Western Illinois University and the annual Homecoming coronation on Nov. 1. Other highlights of the event will be the Homecoming concert by Lou Rawls on Oct. 29; a pep rally on Oct. 31 and judging of decorations at fraternity and sorority houses and dormitories.

Thirty-two bands and numerous floats representing campus organizations will take part in the parade which will begin at 9:30 a.m. Nov. 1 and follow a route through the Charleston business district. The theme chosen for floats and decorations this year is "It's a Children's World of Literature."

All Signs Point to-- Early and 'Mean' Winter

By Pete Brown
SIU News Service

Don't look now, but it's going to be an early winter and a fall fashion season.

The signs are all around: in the trees, the bushes, the swamps, the very air itself. Was that a black woolly worm inching across the road just now?

They're the infallible (so the oldtimers say) alert signals of nature—the thickened fur, the clustered grape, the den-seeking snake and flocking butterfly. All portend the swift arrival of a prolonged and bitter season. If the oldtimers are right this time—and who's going to bet against them?—winter 1969-70 is not going to be pleasant for thin-blooded types.

Take elderberries. They are ripening early all over southern Illinois, a sure sign. So are persimmons. One scientific observer tells of dark purple-orange, sweet persimmons on the trees at Fenwick State Park, "a very peculiar occurrence at this stage (late August)."

Take the squirrels. They've

been cutting away on walnuts for weeks, and the trees themselves are shedding. Other trees are turning out their autumnal finery well in advance of the fall fashion season.

They say the cockleburrs are cocking and the Monarch butterflies and blackbirds are congregating, two other surefire indicators of early frosts and snows.

Willie Smith of Murphysboro hasn't taken his favorite reading yet, but all signs being equal, he expects to any day now.

Willy, 70, reads wolly worms. "If you see a lot of very black ones, that means a heavy winter. If they are reddish-brown, the winter will be light. Call it an old wife's tale if you wish, but it never fails."

He also takes readings from geese flying north in the spring. If geese fly low, send your overalls to the cleaners, pretty quick like. If snakes, particularly water snakes, head for their dens when the kids are heading for school, start thinking about anti-freeze.

"You can tell by nature the

outcome of winter," Willie says. "Nature's wild inhabitants are attuned to the environment. They get that certain feeling and moved according to its dictates."

Meanwhile, down at Heron Pond near Vienna, a colony of beavers is really moving. "Unusually active," observes a scientific researcher down in that brooding cypress swamp. The oldtimers nod sagely. Busy beavers building big houses equals bad news, winterwise.

Anybody have a goose breast handy?

John Allen has related that one of the most durable and widely accepted forecasting instruments from the storehouse of weather lore is the breastbone of a goose.

"A clear white bone," he wrote, "means a mild winter is due. If mottled or dark, it indicates a severe one." The longer the breastbone, the longer the winter.
